
2025/2026 ***Business Support Guide***

The guide for businesses and start-ups

2025/2026 ***Business Support Guide***

The guide for businesses and start-ups

Foreword

Franziska Giffey

Berlin Senator for Economics, Energy
and Public Enterprises

Despite global crises and the negative national trend, Berlin's economy remained largely stable in 2024, growing by 0.8 percent. This marks the eleventh year in succession that we have outperformed the national average.

A positive development that is reflected in around 6,500 new jobs subject to social security contributions as well as company growth. Supported by our business development organisation Berlin Partner, 84 new companies settled in Berlin and more than 230 expanded their presence or invested in innovation projects. This will boost Berlin's economic strength by more than EUR 1.2bn – a record level and only the second time this level has been reached since reunification. And the Senate's economic administration is also making targeted investments, providing EUR 255m in GRW funds in 2024.

Berlin is attracting talent and investment from all over the world – as well as more and more guests. In 2024, 12.3 million people visited our city. With overnight stays exceeding the 30 million mark, Berlin ranks among the top 10 international destinations for tourists and business travellers. The growing trade fair and congress centre is one of the reasons for this attraction. New growth momentum is being generated, for example, by GITEX – the largest trade fair for the international technology and start-up scene, which is being held in Europe for the first time this year. Following careful consideration, the trade fair organisers from Dubai chose Berlin: That's the place to be.

Berlin is on its way to becoming Europe's number one centre for innovation. This is also demonstrated by the growing start-up ecosystem with its more than 5,000 companies. In 2024, a new start-up was created here every 17 hours – 498 in total. This once again put Berlin ahead of the rest of the country. Venture capital in the order of EUR 2.18bn was invested in the business ideas of our founders. Berlin and IBB support this development, for instance, with venture capital via IBB Ventures, with the Berlin Start-up Scholarship and the Opportunity Fund, which is designed specifically to promote female founders.

IBB's economists expect to see further economic growth in Berlin this year. However, there are growing concerns worldwide regarding the impact of the new protectionist policy in the US and possible trade wars. This is also a challenge for Berlin. Last year, our exports continued to grow. Machines, vehicles, electronics and pharmaceutical products "Made in Berlin" worth around EUR 17.2bn were shipped to customers worldwide.

If global trade suffers, so too will our economic strength, which is why it is so important to invest in the framework conditions. We are continuing to expand infrastructure, from clean energy generation and efficient electricity grids for a competitive, climate-neutral economy to nationwide fibre optic networks for digital SMEs and Industry 4.0. Full 5G coverage already ensures state-of-the-art mobile communications throughout Berlin. At the same time, we are systematically implementing the digitalisation of our official services for companies: 83 are already fully digital, and 300 will be available by the end of the year. More digitalisation, less bureaucracy is our motto, and our aim is to ease the burden on companies and start-ups.

Berlin also has a lot to offer in terms of targeted support programmes and advisory services. The extensive scope of the 2025/2026 Business Support Guide provides a solid overview of the support available to you. See for yourself! We look forward to hearing about your business ideas and plans.

Foreword

Creativity and innovative strength are important characteristics for both companies and business locations, especially in economically challenging times. Berlin's strong start-up scene has been proving this for years, ensuring that Berlin remains a hotspot for founders. We at IBB are always at hand to support these young companies – with coaching, expertise, advice, funding and financing. In order to provide them with even better support, we have relaunched the [Berlin Innovative Plus](#) (see page 70) and [Start-up BONUS Plus](#) (see page 25) programmes, among others.

We have broken down all our services and those of other institutions, such as KfW, into funding programmes, which we are pleased to explain in detail in this Business Support Guide. The Guide works best as a reference compendium that you can use again and again for guidance on the next steps or the next innovation push.

Our investments generate positive momentum that directly impacts the business landscape in Berlin. In order to secure succession for companies, Bürgschaftsbank Berlin, for instance, has set up the Succession Centre Berlin. Since autumn 2024, 65 matching transactions have already been in the takeover process. And the trend is rising.

IBB also offers funding for SMEs and Berlin's industrial sector, helping them to grow even under difficult conditions. Be it the IBB growth programme, subsidies for operating resources, in-company training or the promotion of low-carbon infrastructure, for example fleets with electric drives.

At Berlin's eleven future centres, which have become firmly established as biotech, science and energy transition locations, we can clearly see the progress made when transformation is promoted. IBB has successfully set up a wide range of start-up grants and innovation programmes for technology, research and development. The technology and research facilities are increasing the innovative strength and competitiveness of the entire city.

Creativity, art and culture are synonymous with Berlin – they are in fact part of the city's DNA. IBB therefore supports the film industry with film and new media funding as well as interim financing for film productions.

Last year, we were proud to look back on the 100 year history of IBB. And even if the economic situation is tense, the decades have shown that IBB is a reliable partner in difficult times, and we would like to transfer this confidence to our customers.

Take a look and talk to us. Good luck!

Yours sincerely,
Hinrich Holm

Dr. Hinrich Holm

Chairman of the Board of
Investitionsbank Berlin (IBB)

Hints and tips on how to use this Business Support Guide

The Business Support Guide is primarily designed to point the way for you. It provides information about the business support programmes in the Federal State of Berlin and the programmes on offer nationwide which can also be used in Berlin.

FIRST ORIENTATION AND A QUICK OVERVIEW

On [page 12](#), you will find first points of contact for:

- General consultancy services in matters related to business start-up, start-ups within the scope of successions, growth, consolidation, innovation and rehabilitation
- Special consultancy services
 - for start-ups
 - for guarantees
 - for companies
 - for technology-orientated companies
 - for female founders and entrepreneurs

[Page 12](#) lists the addresses of the contact points for quick contact. The chapter on “Consultancy and in-house training” provides detailed information about the institutions listed here and other advisory services.

The support programmes are grouped into five chapters that reflect their specific focus. Pages 13-18 and following contain a table for each chapter. Using key criteria, the tables show you whether an offer is suitable for your project.

The editorial team of the Business Support Guide is determined to present the information in an easy-to-understand form. The Business Support Guide hence presents a concise overview of the services related to the respective offerings. Whether the programme is suitable for you and your products, which combinations and alternatives are available to you, and whether you are eligible for special variants should be clarified in personal talks. This is a vital aspect! The Business Support Guide shows you the relevant points of contact for every programme. Staff there will be delighted to assist you. The appendix provides you with more information and explanations:

- Important technical terms are explained in the [glossary](#) (refer to pages 134 and following),
- the list of [addresses](#) contains many points of contact (refer to pages 136 and following) for your issues and
- the register contains an [alphabetic list](#) of key words and programme titles (refer to pages 144 and following).

Despite careful annual revisions of the Business Support Guide, the editors cannot rule out changes in support guidelines and programmes during the period of this Business Support Guide. Please note that this Business Support Guide does not claim to be exhaustive nor is the information published here legally binding.

Please go to the respective websites where you can find the latest guidelines, additional information and download applications.

PLEASE NOTE THE FOLLOWING

Your application must be received prior to commencing your project.

Early planning and acceptance of consultancy offers improve your application's prospects for success. In most cases, your application must be submitted prior to commencing your project. Retroactive subsidising is not possible. Furthermore, subsidy funds for the individual programmes are limited and may be exhausted before the programme year is out.

EU SUBSIDY PROGRAMMES IN BERLIN

Numerous business development and support programmes in the Federal Land of Berlin are co-financed by the European Union under the [European Structural Funds](#) (ERDF, ESF). To make it easier for you to find your way around, these programmes are marked in the table of contents and in the overview tables with a  and with the [EU flag on the programme pages](#) (see also page 132). If you have any questions specifically related to programmes that are directly managed by the European Commission, please contact the Enterprise Europe Network at [Berlin Partner für Wirtschaft und Technologie GmbH](#) (address on page 136). This is also where you can find information concerning EU support for innovative projects and technology transfer.

BUSINESS SUPPORT AND PROMOTION PROGRAMMES OF THE FEDERAL GOVERNMENT

The 2025/2026 Business Support Guide provides an overview of business support and promotion programmes as well as financial assistance measures which can be relevant for enterprises from all sectors in Berlin. Furthermore, the Federal Ministry for Economic Affairs and Climate Action (BMWK) and the Federal Ministry of Education and Research (BMBF) as well as the European Union offer a host of business financing and promotion programmes specifically for developments, for example, in the export sector or technology-orientated industries. It is not possible to include all these programmes in this Business Support Guide. For an overview as well as detailed information concerning financial assistance by the federal government, federal-state governments and the European Union, please refer to the Internet offering of the Federal Ministry for Economic Affairs and Climate Action at www.foerderdatenbank.de.

FOR YOUR COPY IN GERMAN, PLEASE CONTACT

Free printed copies of the Business Support Guide in German are available from:

Investitionsbank Berlin

The interactive Business Support Guide

The Business Support Guide is also available in PDF format (abbreviation for Portable Document Format) in German or English. You can read and process this digital Business Support Guide using software suitable for PDF files, for instance, Adobe Acrobat Reader or a notes app.

To access all the functions of this interactive PDF file, simply go to www.ibb.de/foerderfibel and download the Business Support Guide to your device (computer, laptop, tablet or smart phone) or to a cloud.

FUNCTIONS AFTER DOWNLOADING

The interactive PDF file features a host of practical features:

Bookmarks:

Bookmarks are displayed on the left on the “Bookmark” tab. Each bookmark refers to a page or text passage in the PDF file stored on your device or in the cloud.

Internal links:

Internal links, also called cross references, will take you from one position in the PDF file to another. If you come across the term “de-minimis” while reading about a support programme and would like to know what it means, then click the word and you will be taken to the explanation in the glossary. When you have finished reading, you can return to the programme page by clicking the circle in the navigation bar with the arrow pointing left. If the navigation bar does not show an arrow pointing left, you can call up the “Page navigation” via “Display” in the Adobe Acrobat Reader menu. The arrow pointing left can be seen there. Internal links in this Business Support Guide are underlined in blue.

External links:

External links, also called hyperlinks, will take you to websites or online documents. If, for instance, you wish to download an application form, click the mouse to get to the Internet page containing the required form. External links (Internet addresses as well as terms linked to websites) are shown in **blue letters** in this Guide.

Notes:

You can easily add your own notes to the downloaded PDF using a suitable app on your end device. You can also use a digital pen for this purpose. You can also mark relevant pages as favourites and delete pages you do not need.

You can then use the downloaded PDF for your own purposes:

- In preparation for a consultation appointment, note your questions directly in the PDF.
- During the appointment, you can then add the answers you have received.
- After the appointment, edit your notes and share them with other participants if necessary.

Page transitions:

When you read the PDF file in full screen mode, you can swipe to turn the page.

The other functions available to you when using the interactive PDF file depend on your software. The related details can be found in the information about the software, e.g. in the Help section.

Initial points of contact

GENERAL ADVISORY AND CONSULTANCY SERVICES

The following institutions will be pleased to assist and accompany you in your project in the Federal State of Berlin - be it a business start-up, a start-up within the scope of succession, growth, consolidation, innovation or a rehabilitation project. [Detailed information](#) about the consultancy services offered by the institutions below as well as further institutions can be found on pages 114 and following.

FEMALE FOUNDERS AND ENTREPRENEURS

Berlin's Senate Department for Labour, Social Affairs, Gender Equality, Integration, Diversity and Anti-Discrimination can assist you in matters related to support and advisory offers specifically for women.
www.berlin.de/sen/frauen/arbeit/selbststaendigkeit
[Detailed information](#) and other offers can be found on page 124.

Initial point of contact for women starting up or about to start up in business

Gründerinnenzentrale e. V.
Navigation in die Selbstständigkeit
Anklamer Straße 39/40, 10115 Berlin
Tel. +49 (0) 30 / 44 02 23-45
info@gruenderinnenzentrale.de
gruenderinnenzentrale.de/en/

Overview Tables

The tables below provide an overview of the support, financing and consultancy offers which are presented in this Business Support Guide:

- ↳ [Business start-ups](#) (see page 14)
- ↳ [Investment and working capital](#) (see page 15)
- ↳ [Technology, research and development](#) (see page 16)
- ↳ [Subsidies within the scope of Labour market policy](#) (see page 17)
- ↳ [Consultancy and in-house training](#) (see page 18)

First find the right target group for you. Are you about to start up in business? Offers that are relevant for you are marked with the letter **G** in the table of contents and on the programme pages. This letter is also used in the overview tables in the “WHO” column. These programmes are compiled in the “Business start-ups” table for a first overview. Please note that certain programmes are exclusively available to applicants prior to starting up in business whilst other programmes can be helpful for during the first two to three years starting up in business, or also during company takeovers. Since certain programmes are also available for both existing companies and start-ups, you will find the letter **G** also in other tables.

Are you searching for support programmes for your existing company? The blue dots in the “WHO” column mark those offerings which are relevant for you. Offers for all company sizes and organisational forms are also marked, as are offers for small and medium-sized enterprises (SMEs) as defined by the EU (see page 134) and for organisations that are not exclusively entrepreneurial, such as scientific institutions.

The tables present the key features of the programmes. The page number in the first column (from the left) guides you to detailed information about the respective programme page. Please always check the detailed information on the programme pages first in order to find out whether an offer is suitable for your company’s specific situation.

There is no overview table for the chapter titled [Support programmes: commercial property and space, start-ups and innovation centres](#). You can find the programmes on pages 125 to 130. [The centre for women starting up in business](#) can be found on page 129. In the same manner as for the support programmes, contact details and Internet addresses are shown where you more in-depth information can be found.

BUSINESS START-UPS

Business Start-ups

THE BUSINESS SUPPORT PROGRAMMES

BUSINESS SUPPORT PROGRAMMES
BUSINESS START-UPS

Important technical terms are explained in the [Glossary](#) (refer to page 134 and following).

Investitionsbank Berlin

Kundenberatung
Wirtschaftsförderung
(Business Customer Centre)
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125-4747
wirtschaft@ibb.de
www.ibb.de

<https://www.ibb.de/en/foerderprogramme/berlin-start.html>

youtube.com/c/InvestitionsbankBerlinIBB

www.ibb.de/downloads

Subject to de-minimis rules
(refer to page 134).

Particularly suitable for
start-ups, company successions
and young companies

AIM

- Commercial businesses as well as freelance professionals who have been in business for no more than five years prior to submitting the application.

WHO

- Founders in the commercial sector (production industry, crafts, trade and other services) as well as freelance professionals who have the required technical and commercial qualifications for the entrepreneurial activity;
- Commercial businesses as well as freelance professionals who have been in business for no more than seven years prior to submitting the application.
- Applicants must be small and medium-sized enterprises (SME, refer to page 134) as defined by the European Commission.
- The place of investment must be in Berlin.

WHAT

- Low-interest loans are granted in conjunction with an up to 80% guarantee BürgschaftsBank Berlin when:
 - a new company is established,
 - an existing company is taken over,
 - projects carried out up to seven years after establishment (consolidation)Loans granted via the borrower's bank.
- Financing is available for the following:
 - Investment costs,
 - costs of initial inventories,
 - acquisition price unless the transaction is made between first-degree relatives,
 - operating equipment.
- The maximum financing share totals 100%.
- The minimum loan sum totals EUR 5,000, the maximum sum EUR 1.5m.
- The term totals between six and ten years with initially up to two redemption-free years and fixed interest over the entire term. After expiration of the redemption-free years, redemption takes place in equal instalments payable four times a year.
- 100% payout.
- Nominal and effective interest rates are fixed by IBB.
- At the time of application, BürgschaftsBank Berlin will charge a handling fee for the guarantee of currently 1.5% of the loan sum applied for - at least EUR 250. Guarantee commission currently totals 1.75% p. a. of the loan sum.
- Non-scheduled redemption is possible.

HOW

- Applications - including applications for a guarantee from Bürgschafts-Bank Berlin - must be submitted via the applicant's bank.
- Consulting is also possible at IBB.

Businessplan-Wettbewerb Berlin-Brandenburg (BPW) / Berlin-Brandenburg business plan competition

AIM

- The Berlin-Brandenburg business plan competition (BPW) offers founders in Berlin and Brandenburg a wide range of support when it comes to preparing business concepts.
- Seminars, workshops, and feedback are among the core services available free of charge.
- The best business plans and business model canvas concepts can win prize money of more than EUR 50,000.

WHO

- The BPW competition is open to all industries and is designed for anybody with a good idea planning to implement this in Berlin or Brandenburg.

WHAT

- All offers and services are free of charge.
- Participants can join at any time.
 - Start: October of each year
 - End: July of the following year
- Open to all sectors
- Prize money totals more than EUR 50,000
- Develop a business model with the Business Plan or Business Model Canvas
- More than 100 events related to starting up in business
- Numerous networking events for developing and expanding existing networks between founders.
- As a participant, you are under no obligation whatsoever.

HOW

- Founders can submit their business concept as a business plan or business model canvas in three competition phases for assessment and in order to receive feedback from the BPW judges as well as useful tips.
- In each of the three competition phases, one concept will be awarded prize money. In addition, one winning team will receive the public choice award.
- Online registration and online appointments
- You decide if you want to sign up for all of the offers available or you can select the specific offers that are relevant for your start-up project.

[www.zgs-consult.de/
arbeit/coaching-vor-der-
gruendung](http://www.zgs-consult.de/arbeit/coaching-vor-der-gruendung)

Exclusively for start-ups
in the pre-establishment
phase

AIM

- The aim is to achieve lasting integration of unemployed people in the first labour market by helping them to become self-employed. Support will be given during the development of a market entry strategy in order to minimise the risks of starting out in business.

WHO

- Individuals having their place of residence in Berlin and planning to start up a business on a full-time basis or self-employment – if applicable, in addition to employment.

WHAT

- Support for the establishment of a business as full-time self-employment.
- Support for the establishment of self-employment in addition to employment.

HOW

- Before submitting an application, people intent on starting out in business should make an appointment for an orientation meeting with zgs consult GmbH. They can then present their start-up project with a view to its business purpose, target customer group and financing aspects.
- Applicants then attend a four-day assessment.
- Once they receive a coaching recommendation, coaching of up to 30 hours can be commissioned.
- Coaching services can only be performed by coaches who are listed with zgs consult GmbH.
- Coaching services include, above all, the development and implementation of start-up concepts prior to going into business. The topics addressed include:
 - Product development
 - Identification of the customer group
 - Development of marketing and price strategies
 - Additional skills development for the entrepreneurial personality
- The same business as the intended start-up may not already be registered with the respective authorities; in the case of freelance activities, tax registration should not already have taken place.

AIM

- To finance all forms of start-ups, i.e. establishment or acquisition of a business as well as acquisition of an investment in Germany
- Secondary occupation designed to become a full-time occupation in the medium term
- Consolidation measures within five years after commencing business
- Support for repeated business set-up projects can be granted if no past liabilities exist from earlier self-employed activities.

WHO

- Individuals setting up a business or freelance activities or performing consolidation measures in this respect if the project commences within five years after the date of starting up in business
- Individuals acquiring a business as part of a succession scheme
- Small enterprises in the commercial sector (SMEs within the meaning of the EU's definition, see page 134) that have been on the market for less than five years. As a precondition, at least one partner/shareholder must fulfil the application conditions for individuals.

WHAT

- Up to 100% of the total debt financing demand, maximum of EUR 125,000 including operating equipment up to a maximum of EUR 50,000
- KfW does not impose any specific guarantee/collateral requirements
- 80% liability exemption for the applicant's bank
- Fixed market rate for the entire term
- Cannot be combined with other KfW and ERP programmes

HOW

- Applications must be submitted prior to commencing the project.
- Premature repayment of the loan as a whole or in part possible against payment of a prepayment penalty
- Further applications can be submitted as long as the loan sum of EUR 125,000 is not exhausted.

Biliana.Hadjiyska@senweb.berlin.de

www.berlin.de/sen/wirtschaft/stipend

www.ibb.de/eantrag

Subject to de-minimis rules
(refer to page 134).

Particularly suitable for
start-ups

AIM

- By supporting technology-orientated start-ups, innovative products are to be developed to market maturity through qualification and placed on the market in a sustainable manner.

WHO

- Public universities
- State-recognised universities with a designated research area
- Start-up centres and companies with a designated research and development area (R&D)
- It is generally possible for several beneficiaries to form a consortium. The beneficiaries must not have a material self-interest (e.g. venture capitalists).

WHAT

- Grants in the form of full financing
- Reimbursement of flat-rate personnel and fee expenses of the project sponsors
- Flat-rate financing of project-related material expenses of the project sponsors
- Scholarship and coaching for technology-oriented founders who want to set up innovative (knowledge- and technology-based) companies

HOW

- The following applies to project sponsors:
 - The IBB publishes a call for projects.
 - Project sponsors with suitable infrastructure (workplaces, workshops, laboratories and technical equipment as well as coaching and qualification expertise) submit their concept online via the IBB customer portal.
 - The application is reviewed by IBB in consultation with the responsible senate department.
 - Applications must be submitted prior to commencing the project. Retroactive support is not possible.
 - The place of performance must be in Berlin.
- The following applies to start-up teams:
 - The founders apply to the project sponsors with at least an initially developed business plan and a prototype or prototype-like process.
 - Duration of support: min. of six months to 1 year max.
 - Scholarship amount: up to EUR 2,200 per founder per month
 - Participants must have their place of residence in Berlin.

GründungsBONUS Plus / Start-upBONUS Plus

Support during the early start-up phase

AIM

- Initial start-up financing is provided to support start-ups during the development, implementation and market establishment of innovative and sustainable products and services.

WHO

- Support is available to start-ups and micro-enterprises registered in Berlin and who, at the time of application, are already established and have not been in business for more than 18 months (decisive date of establishment: signing of the partnership agreement).
- In the case of partnerships and corporations, the founders must hold the majority of the shares in the applicant company and exercise the main management functions at the company. This also applies during the approval period and the three-year commitment period.
- This programme focuses on start-ups based on technological, digital, creative or social business models with a high degree of innovation. Highly sustainable approaches and practices can compensate for an insufficient degree of innovation.
- The construction, catering and hotel industries do not qualify, unless the innovation is focussed on ecological management, sustainable food sources or energy efficiency. Areas excluded from the scope of the de minimis rule as well as retail (apart from mail order) also do not qualify, with the exception of innovative business models for the sale of sustainable products.

WHAT

- An earmarked grant in the form of partial financing for 50% of the total costs eligible for support, however, limited to a maximum of EUR 50,000
- The costs eligible for support must be incurred within two years.
- Funding is provided to set up companies that are planning the development, produce and introduce to the market new innovative and sustainable products, applications, services, methods or processes.
- Funding is available to cover expenditure, such as material and investment costs, operating expenses, personnel costs (max. of 60% of the total grant), third-party services, measures to secure and protect rights and patent applications.
- Funding can only be granted for measures that have not yet commenced at the time the application is submitted.
- After receiving support under this programme, the company is required to keep its headquarters and the facility supported up and running in Berlin for at least three years.
- In the case of support for freelance work, the work must be carried out and taxed in Berlin for at least three years (commitment period).

HOW

- Applications must be submitted online.
- Funding is paid out in a maximum of four tranches.

IBB Business Team GmbH

Subject to de-minimis rules (refer to page 134).

Particularly suitable for start-ups, company successions and young companies

Gründungszuschuss / Founder allowance

Founder allowance to promote self-employment pursuant to section 93 of Volume III of the German Social Security Code

Agenturen für Arbeit (Job Centres) in Berlin

The addresses of Berlin's job centres can be found here:

web.arbeitsagentur.de/portal/metasuche/suche/dienststellen

Tel. +49 (0) 8 00 / 4 55 55 00
(toll free)

www.arbeitsagentur.de

www.arbeitsagentur.de/existenzgruendung-gruendungszuschuss

www.arbeitsagentur.de/datei/dok_ba035285.pdf

Particularly suitable for start-ups, company successions and young companies

AIM

- Applicants commencing self-employment as their principal professional activity in order to terminate unemployment can receive a founder allowance in order to secure their subsistence and social welfare.

WHO

- Employees
 - commencing self-employment as their principal professional activity and
 - who at the time of commencing self-employment are still entitled to unemployment benefits I for at least 150 days
- The feasibility of the venture must be demonstrated. Proof of the knowledge and skills required to perform the professional activity must be furnished.
- Proof of the knowledge and skills required to perform the professional activity must be furnished. In order to prove the feasibility of self-employment, a statement by a suitable body must be presented to the job centre (Agentur für Arbeit); such bodies are chambers of industry and commerce, chambers of skilled crafts, professional chambers, professional associations and banks.
- Repeated support is not available if less than 24 months have expired since the termination of a previous support programme for self-employed activities.
- Further support is also excluded if the applicant has reached statutory retirement age.

WHAT

- An allowance for six months (discretionary benefit) equal to the unemployment benefits last received plus EUR 300 per month
- A sum of EUR 300 per month can be paid for another nine months (discretionary benefit) if the applicant submits suitable documents as proof of his or her business activity.

HOW

- This may be subject to a prior advisory meeting at the job centre (Agentur für Arbeit, refer to page 136).
- Appointments can be made online or by calling the hotline.
- The application must be submitted in person to the job centre prior to commencing self-employment or before the seminar or programme begins.
- Proof of commencement of self-employment must be furnished, for example, by submitting a business registration document for trading companies, or by submitting confirmation of registration with the tax office for freelance professionals.
- There is no legal obligation to grant investment founder allowance hereunder.
- Prior to starting up in business, applicants may be required to attend a programme designed to verify their eligibility or to prepare them for starting up in business.

KMU-Fonds Mikrokredite / SME fund – micro-loans

Quick granting of micro loans of between EUR 25,000 and EUR 50,000

AIM

- Start-up and growth financing in a simplified procedure without customary collateral in the form of micro-loans of up to EUR 25,000 and up to EUR 50,000 in the case of knowledge-intensive, innovative companies.

WHO

- Start-ups (no more than five years on the market), small and medium-sized commercial enterprises (SMEs, see page 134), including social enterprises primarily active on the market, as well as freelancers with their place of business in Berlin, provided they are not active in the agriculture, fisheries, aquaculture, coal, mining, nuclear power and tobacco sectors.

WHAT

- To finance investment and assets in Berlin for
 - Business start-up and consolidation
 - Business takeover
 - Relocation
 - Expansion
 - New projects and existing orders for existing companies
- Excluded:
 - Re-financing or follow-up financing of projects that have already begun or have been completed
 - Rescue financing

HOW

- Complete applications must be submitted in writing prior to commencing the project.
- In addition, an oral presentation of the project may be required as part of an interview at IBB.
- Business management know-how is a prerequisite; submission of a business plan is generally not required.
- Additional coaching to accompany the project or financing may be recommended.
- As collateral, partnerships/corporations must submit a directly enforceable guarantee from the relevant partners, and if necessary, also from limited partners in the case of limited partnerships. Other forms of collateral are not required.
- Customary interest rates.
- As a rule, the term is limited to six years, with generally one year redemption free.
- Repayments are typically made on a quarterly basis. Premature repayment is generally not foreseen. In the event of premature repayment of the loan in exceptional cases, a prepayment penalty may be charged.
- This programme can be combined with other support programmes.
- Combining this programme with the Start-upBONUS Plus (see page 25) programme is recommended for innovative, creative or sustainable business models.
- There is no obligation to provide financing.

AIM

- To support business start-ups by craftsmen and women in Berlin.

WHO

- Master craftsmen and craftswomen in Berlin starting up in business for the first time within four years after qualification as a master in their trade or, who having received exceptional approval pursuant to sections 7b and 8 of the German Vocational Training Act (HwO, Handwerksordnung), are starting up in business and submit proof of their successful qualification as a master craftsman or craftswoman by the date set by the Chamber of Skilled Crafts and Small Businesses.

WHAT

Two-stage subsidy:

1st stage: Basic support at the time of establishment

- Conditionally repayable financing.
- Once-off grant of EUR 10,000.
- In the case of start-ups by women in a skilled trade that is not typical for women, basic support totals EUR 15,000.
- Three years after starting up, proof of ongoing self-employment in Berlin must be furnished.
- Furthermore, proof must be furnished that no significant income was generated from employed or other self-employed activity.

2nd stage: job creation support

- An additional bonus of EUR 6,000 is paid when it can be proven that within the first three financial years at least one additional employee registered under the statutory social insurance scheme (full time or an equivalent number of part-time employees, each with at least 50% of a full-time position) has been hired for a period of at least twelve months.
- Alternatively, an additional training position can be created and filled for at least twelve months during the first three years after establishment. In this case, a premium of EUR 7,500 is awarded.
- In the event that a training position is created for or filled by a woman in a skilled trade that is not typical for women, funding in the second stage totals EUR 10,000.

HOW

- Free counselling for founders provided by the business advice service of the Berlin Chamber of Skilled Crafts on relating to the start-up project is a prerequisite for funding.
- Applications for basic support must be submitted to the Berlin Chamber of Skilled Crafts which then forwards them to Senatsverwaltung für Wirtschaft, Energie und Betriebe (Senate Department for Economics, Energy and Public Enterprises).
- The application for the job creation bonus can be submitted to the Chamber of Skilled Crafts within three years after starting up in business.
- Further information can be found in the guideline on the master craftsman start-up bonus dated 12 December 2022.
- Combination with other programmes, such as [Berlin Start](#) (see page 20), is possible.

THE BUSINESS SUPPORT PROGRAMMES

BUSINESS SUPPORT PROGRAMMES
INVESTMENT AND WORKING CAPITAL

Important technical terms are explained in the [Glossary](#) (refer to page 134 and following).

Agrar-Bürgschaft / Agricultural guarantee

BürgschaftsBank Berlin

Franklinstraße 6, 10587 Berlin

Dirk Borgmann

Tel. +49 (0) 30 / 31 10 04-15

info@buergschaftsbank.berlin

be.ermoeglicher.de

This programme has expired.
A follow-up product is currently
being negotiated.

Suitable for start-ups,
company successions
and young companies

AIM

- To promote businesses working in farming, aquaculture and fisheries, agriculture and the food industry, renewable energy, rural development and non-commercial horticulture.
- BürgschaftsBank Berlin issues guarantees to banks for their customers working in the above fields and uses counter-guarantees issued by the European Investment Fund (EIF/COSME).

WHO

- Start-ups and companies in Berlin working in the above areas with a workforce of less than 250 and maximum annual sales of EUR 50m or a maximum balance sheet total of EUR 43m ([SME](#), see page 134).

WHAT

- Default guarantees for a maximum of 50% to 70% for investment loans and working capital refinanced by Landwirtschaftlichen Rentenbank (Germany's development agency for agribusiness) (www.rentenbank.de)
- Maximum guarantee of EUR 750,000 as well as a loan term of up to ten years
- The costs of the guarantee are calculated on the basis of the loan percentage and the applicant company's creditworthiness.
- No fee charged for examining the application
- No debt rescheduling
- No rescue financing

HOW

- Applications are submitted online by the customer's bank.
- The agricultural guarantee can be combined with other programmes.

This financing is made possible by the counter-guarantee provided by COSME and the European Fund for Strategic Investments (EFSI) which was set up in conjunction with the Investment Plan for Europe. The purpose of the EFSI is to provide support for financing and implementing productive investments in the European Union and to secure better access to financing.

AIM

- ↳ Entrepreneurs have good ideas, but not always the necessary security and collateral. In order to provide the collateral needed to back a loan, BürgschaftsBank Berlin issues guarantees for commercial businesses in Berlin.
- ↳ BBB-Express! features an online application procedure and thereby enables guarantees for secure bank loans to be issued within five working days.

WHO

- ↳ Small and medium-sized enterprises as well as freelance professionals who have been in business for at least three years and whose balance sheet or income statement (not older than 15 months) shows a positive operating result and positive equity.

WHAT

- ↳ Guarantees of up to 70% of investment, working-capital and guaranteed loans, public loans (such as KfW and IBB loans) as well as leasing loans up to a maximum guarantee sum of EUR 175,000. This means that - depending on the collateral needed - loans of between EUR 250,000 (70%) and EUR 350,000 (50%) can be backed.

HOW

- ↳ The application is submitted by the applicant's bank.
- ↳ By submitting an online application directly to BürgschaftsBank Berlin, the bank can receive a guarantee to back its loan to the company.

Suitable for start-ups,
company successions
and young companies

AIM

- ↳ To promote the social economy in Berlin by facilitating access to financing
- ↳ The guarantee programme is aimed at public interest companies (companies committed to the 17 Sustainable Development Goals (SDGs) of the United Nations 2030 Agenda). Activities aimed at the common good can also focus on specific areas, such as education, health, equality, the environment or the integration of disadvantaged people.

WHO

- ↳ Small and medium-sized enterprises (SMEs, see page 134)
- ↳ Non-profit legal forms (e.g. gGmbH, e.V.)
- ↳ Start-ups
- ↳ Start-ups, solo self-employed and freelance professionals
- ↳ With an operating facility/or financing project in Berlin
- ↳ Public companies and housing companies do not qualify.

WHAT

- ↳ Guarantees to secure sureties and loans are provided in order to protect the applicant's bank (lender) against the risk of default and to finance
 - equipment, machinery, production lines, vehicle fleet, etc.
 - business acquisitions
 - modernisation, expansion and replacement investments
 - expansions into new markets
- ↳ Re-financing and restructuring financing are excluded.

HOW

- ↳ Application forms must be submitted via the applicant's bank.
- ↳ Financing enquiries can be submitted free of charge and without obligation on the financing portal of the guarantee banks.

AIM

- ↳ To promote the integration of refugees and non-EU nationals
- ↳ To facilitate access to finance for entrepreneurial ventures by refugees and non-EU nationals

WHO

- ↳ Founders
- ↳ Solo self-employed
- ↳ Freelance professionals
- ↳ Small and medium-sized enterprises (SMEs, see page 134) in which refugees or non-EU nationals are the main shareholders
- ↳ With an operating facility/or financing project in Berlin
- ↳ Housing companies do not qualify.

WHAT

- ↳ Guarantees to secure sureties and loans are provided in order to protect the applicant's bank (lender) against the risk of default and to finance:
 - equipment, machinery, production lines, vehicle fleet, etc.
 - business acquisitions
 - modernisation, expansion and replacement investments
 - expansions into new markets
- ↳ Re-financing and restructuring financing are excluded.

HOW

- ↳ Application forms must be submitted via the applicant's bank.
- ↳ Financing enquiries can be submitted free of charge and without obligation on the financing portal of the guarantee banks.

BENE 2 – Berlin's programme for sustainable development 2

Supported by the Senate Department for Urban Mobility, Transport, Climate Action and the Environment

B.&S.U. Beratungs- und Service-Gesellschaft Umwelt mbH

Alexanderstraße 7, 10178 Berlin
Tel. +49 (0) 30/3 90 42 - 33
bene2@bsu-berlin.de
www.bsu-berlin.de

Information regarding the amount of funding possible and further details can be found on the website:
www.berlin.de/bene

<https://bsu.antragsportal.foemis.de/Startpage.do>

Subject to de-minimis rules (refer to page 134).

AIM

- To provide funding for innovative measures, projects and initiatives that help to achieve a climate-neutral, environmentally friendly Berlin.
- To promote measures to boost energy efficiency in the Federal State of Berlin that contribute to reducing emissions of climate-damaging gases and support adaptation to climate change; new funding is available for smart energy systems, grids and storage systems.

WHO

- Public and private companies with an operating facility or branch in Berlin
- Natural persons are not eligible to apply, with the exception of persons who are self-employed in a trade or craft.

WHAT

- Funding for climate relevant investments, e.g. for:
 - Energy-efficient refurbishment of the building envelope/technology, building management system
 - Conversion of fossil fuel heating systems to district heating or renewable energies; utilisation of wastewater and exhaust air heat
 - Conversion to hydrogen technology/fuel cells if the hydrogen is produced using energy from renewable sources
 - Utilisation of surplus electricity from renewable energy for heating
 - Refrigeration/air conditioning technology
 - CHP systems
 - Improving material flow and resource efficiency
 - Energy-efficient reorganisation of production facilities and processes
- Grant for the use of highly efficient cross-sectional technologies, e.g. drives, motors, compressed air, lighting, ventilation and IT
- Promotion of integrated measures, e.g. .
 - Climate-neutral generation, efficient use and saving of energy
 - Support for heat generation/heating
 - Climate-active vegetation areas for buildings
 - Digitalisation; smart control systems for energy consumers in buildings
 - Accompanying expert opinions and studies
- Grant for the first-time introduction of an environmental or energy management system, such as Eco-Management and Audit Scheme (EMAS according to Regulation (EC) No. 1221/200916)

HOW

- The entire process takes place via the BENE 2 funding portal.
- Two-stage application procedure: 1. Project outline with objectives, challenges and financial guidelines; 2. Application after positive review
- The programme service provider advises you during the application phase and finally prepares a funding recommendation for the project application.
- There is no legal obligation to provide funding.

Berliner InvestitionsBONUS / Berlin InvestmentBONUS

AIM

- ↳ The Berlin Investment BONUS (BIB) is designed to create incentives for necessary future investments and thus to create and/or secure jobs.

WHO

- ↳ Commercial, freelance small and medium-sized enterprises (SMEs, see page 134) and large enterprises with their place of business in Berlin wishing to invest there
- ↳ Generally excluded from this support are all companies that are eligible for funding under common task “improvement of regional economic structure” (GRW, see page 46) and certain sectors (for instance, doctors and tax consultants), as well as public enterprises and companies in difficulty (companies in difficulty, see page 135).

WHAT

- ↳ Earmarked grant as partial financing to cover up to 35% of eligible investments (30% max. in basic funding + a 5% sustainability bonus)
- ↳ The funding rate depends on the selected grant rule (de-minimis aid or GBER).
- ↳ Eligible costs must total EUR 5,000 or more.
- ↳ Funding is provided for the acquisition of mobile assets included in the investment project and generally also capitalisable acquisition costs of certain intangible assets and, if applicable, also software-as-a-service (SaaS services).
- ↳ Not included are, for instance, costs for motor vehicles, aircraft, rail vehicles, ships and investments for replacement purposes as well as costs for the production or acquisition of immovable assets (land, real estate, etc.)

HOW

- ↳ Applications must be submitted online to IBB Business Team GmbH using before the investment project starts.
- ↳ As a rule, payment is made after the project has been completed; if necessary, partial calls may be made in the meantime.

AIM

- Mezzanine capital is granted in order to improve the capital structure of small and medium-sized enterprises (SMEs, see page 134).
- The mezzanine character (see page 135) is designed to improve the company's credit rating and to make it easier to borrow money in order to finance growth and innovation.

WHO

- Eligible applicants are small and medium-sized enterprises who have the legal form of a corporation (e.g. GmbH [private limited company], AG [public limited company] or GmbH & Co. KG [private limited company with a limited partner]) with their place of business or a facility in Berlin.
- Young companies that are already successfully active in the market and have already reached break-even
- The companies should have sufficient debt service capabilities or value increase potential and should be profitable in the long-term. Projects must be located in Berlin in order to be eligible.
- Restructuring cases and firms in difficulty (refer to page 135) as specified by the European Union and firms in the shipbuilding, coal and steel industries are excluded from financing.

WHAT

- Mezzanine and outside capital-type funds are made available in the form of silent participations and junior loans of up to EUR 5m.
- Financing is available for defined projects within the scope of a business start-up or company expansion project or to strengthen a company's
- The cost of transferring ownership rights to companies can be financed as long as such transfer takes place between two independent contract partners.
- Silent participations and junior loans are subject to subordination and thereby develop equity character.
- A 50% co-financing share by further partners (applicant's bank, equity fund, etc.) is usually required for your project.
- In the case of financing of up to EUR 1m, co-financing by an investment company is required.
- Terms of up to ten years are possible.

HOW

- Applications under this programme for funds from the SME fund for start-ups and growth (see page 57) are submitted to IBB in writing as informal applications. A plausible business plan along with the documents shown in the checklist on the programme page must also be enclosed.

Beteiligungen der MBG / Investment by MBG

Investment by Mittelständische Beteiligungsgesellschaft Berlin-Brandenburg GmbH (MBG)

AIM

- ↳ The purpose of the investment is to create or to secure a lasting and competitive existence by way of expanding the equity basis and can be used in the following areas:
 - co-operation
 - innovation
 - establishment, expansion, reorganisation or fundamental streamlining of businesses
 - business start-ups
 - estate settlements
 - resigning of partners or shareholders (in exceptional cases)
- ↳ Pro-rata co-financing is available for inventories, start-up costs and market development measures.
- ↳ Debt re-scheduling, re-financing or rescue projects are not eligible for investment.

WHO

- ↳ Business start-ups as well as small and medium-sized enterprises in Berlin and Brandenburg ([SME](#), see page 134)

WHAT

- ↳ Open and silent investment
- ↳ The investment sum typically totals up to EUR 1.25m.
- ↳ The investment fee depends on the applicant's rating and comprises a fixed fee and a profit-related component.
- ↳ A once-off administration fee of 1% is payable on application, as well as a liability fund contribution of another 1% on payout.

HOW

- ↳ Investment applications must be supported by a description of the investment concept.
- ↳ The project may not already be completed.
- ↳ Investment can be combined with other programmes.

Suitable for start-ups,
company successions
and young companies

AIM

- Collateral for guarantees and loans to the extent to which no sufficient customary collateral can be furnished by the borrower

WHO

- Commercial enterprises or freelancers with an operating facility in Berlin
- Founders in Berlin planning to establish a business or to work as freelance professionals
- Individuals using the guaranteed loan to invest in a shareholding in a business in which they are currently working, or will work in future, in an executive function (business takeover/MBO).

WHAT

- Guarantees to secure sureties and loans are provided in order to protect the applicant's bank (lender) against the risk of default:
 - to finance initial investments,
 - to finance investments in line with operational requirements,
 - to provide temporary funds to finance current business activities, as well as
 - to buy shares in the company.

HOW

- Application forms must be submitted via the applicant's bank.
- Applications must be supported by full, relevant documentation concerning the project/concept and shareholders/management (including proposed collateral).
- Applications must be submitted prior to commencing the project.
- Depending on the guarantee required, applicants must choose between the following options or procedures and contact partners:
 - Up to EUR 2m from Bürgschaftsbank Berlin for a maximum of 80% of a loan or
 - from EUR 2m to EUR 20m from the Federal State of Berlin via Investitionsbank Berlin, typically for 70% of a surety or loan.
 - In the case of guarantees of more than EUR 20m involving both the Federal Government and the federal states, the contact partner for these guarantees is the auditing firm of PricewaterhouseCoopers GmbH (PwC, special restrictions).

Bundesförderung für effiziente Gebäude (BEG) / Federal Government funding for efficient buildings (BEG)

Energy-efficient refurbishment of non-residential buildings

AIM

- ↳ To promote the energy-efficient refurbishment of non-residential buildings in Germany in order to improve energy efficiency, including specialist energy planning and construction support

WHO

- ↳ Private individuals and sole proprietors
- ↳ Freelance professionals
- ↳ German and foreign companies in the commercial industries with a private majority shareholding
- ↳ Municipal companies
- ↳ Non-profit organisations and clerical organisations
- ↳ Commercial banks, cooperative banks and savings banks
- ↳ Companies performing energy-related services in non-residential buildings for third parties within the scope of a contracting agreement

WHAT

- ↳ Promotional loan to cover the cost of energy-efficient refurbishment of a non-residential building to meet energy-efficient building requirements 40, 55 and 70, and listed building status. This also includes the costs of environmental measures that are eligible for funding.
- ↳ Precondition: The building permit or notice of construction for the building must date back at least five years at the time of application.
- ↳ Loan amount: The calculation is based on an amount of EUR 2,000 per square metre of net floor area, up to a total of EUR 10m for each project that achieves a new efficiency building level.
- ↳ Repayment allowance: between 5% and 25%
- ↳ Additional funding possible, for instance, for construction supervision by energy efficiency experts and sustainability certification
- ↳ The interest rate is set by your own bank (risk-based interest system).
- ↳ Loans must be secured with customary collateral.

HOW

- ↳ Applications must be submitted to KfW via your bank before commencing the project.
- ↳ This programme can be combined with other public support programmes.
- ↳ For single measures, it is not possible to combine a KfW loan and a grant by the Federal Office of Economics and Export Control (BAFA) for the same measure.

www.kfw.de

Applications must be submitted to KfW via the applicant's bank.

For more information, go to:
www.kfw.de/295

Applications for pure investment grants should be submitted to BAFA
www.bafa.de/DE/Energie/energie_node

Subject to de-minimis rules (refer to page 134).

AIM

- Financing will be provided for measures that boost energy and resource efficiency and thus help to reduce greenhouse gas emissions: from highly efficient standard components to complex system solutions.
 - Module 1: Cross-sectional technologies
 - Module 2: Process heat from renewable energies
 - Module 3: Measurement and control technology, sensor technology and energy management software
 - Module 4: Energy and resource-related optimisation of plants and processes
 - Module 5: Support for transformation plans
 - Module 6: Electrification of small businesses

WHO

- Domestic and foreign commercial companies and contractors
- Municipal companies
- Freelance professionals
- State-owned companies
- Non-profit applicants, provided they are economically active with a location in Germany

WHAT

- Conditions:
 - Promotional loan with a term of up to 20 years and an initial redemption-free period of three years
 - Fixed-interest period of up to ten years
 - Payout of 100%
 - You will receive a repayment allowance, the amount of which can be found in sections 2.1 to 2.6 of the information sheet, if you provide proof that the investments were made as stated.
 - The investment must be at least three years in operation.
 - Alternatively, the Federal Ministry for Economic Affairs and Climate Action provides a pure investment allowance. Submit your application to the Federal Office of Economics and Export Control (BAFA).
- Scope:
 - Up to 100% of the investment costs eligible for support
 - Up to EUR 100m max. per project

HOW

- Submit your application to KfW via your bank before commencing the project.
- Recommendation: Obtain an energy consultation before planning your energy efficiency measures.

ERP-Beteiligungsprogramm / ERP investment programme

Tapping new capital and refinancing at favourable rates

AIM

- ↳ To expand the equity basis of small and medium-sized enterprises by providing capital through capital investment companies.
- ↳ The capital investment companies receive refinancing loans for this purpose under the ERP investment programme (see page 134).

WHO

- ↳ Investors: private equity investment firms in Germany
- ↳ Investees: small and medium-sized enterprises (SMEs, see page 134) in the commercial sector with a place of business in Germany and group sales of up to EUR 50m or up to EUR 75m in exceptional cases

WHAT

- ↳ Refinancing loan for the capital invested for
 - Innovation projects such as development and marketing of new products
 - Structural change conversions
 - Establishment, expansion, fundamental rationalisation or conversion of holdings
 - Business start-ups
 - Investment in a business succession
- ↳ Precondition: Guarantee from a guarantee bank
- ↳ Maximum amount: typically EUR 1.5m, in exceptional cases up to EUR 2.5m
- ↳ Repeated ERP-subsidised investment is permitted on condition that the maximum sum is not exceeded.
- ↳ The investment may not exceed your existing equity capital.
- ↳ Term of the refinancing loan: up to ten years
- ↳ Any form of investment is permitted (exception: exclusion at loss in the event of settlement or insolvency).
- ↳ The fee can be freely agreed upon.

HOW

- ↳ Applications must be submitted prior to commencing the project.
- ↳ This programme can be combined with other support programmes.
- ↳ Up to 100% of the sum invested.

the project starts.

www.kfw.de/077

Investment in business capital is subject
to de-minimis rules (see page 134)

Suitable for start-ups, company succe-
ssions and young companies

AIM

- Low-interest and pro-rata financing for founders, successors, young entrepreneurs and freelancers who have been in business for less than five years
- The banks transmitting the loans are protected by a guarantee by the German government. Furthermore, the interest rate during the first ten years of the term is subsidised from ERP special funds (see page 134).

WHO

- Natural persons pursuing or taking up a commercial or freelance activity and who
 - have the necessary professional and commercial qualification,
 - are or will be part of the management and
 - have sufficient entrepreneurial influence.
- The company must fulfil the SME criterion with the meaning of the definition by the EU (see page 134).

WHAT

- Setting up a freelance business or a commercial enterprise
- Acquisition of a commercial enterprise or active participation in such an enterprise and increase of a corresponding participation
- Consolidation and expansion measures within five years after commencing business
- Acquisition of assets from other companies, including takeovers, and active Investments
- The following costs are eligible: Investments, working capital, inventories, acquisition and participation.
- A maximum loan amount of EUR 500,000 is approved per applicant.
- Up to 35% of eligible costs are financed.

HOW

- Loan term of up to 15 years.
- The interest rate is set by your own bank (risk-based interest system).
- Guarantee fees are charged for the 100% guarantee issued by the guarantee banks, which is proportionately collateralised with a German government guarantee.

ERP-Förderkredit KMU / ERP promotional loan for SMEs

Financing or restarting small and medium-sized enterprises

AIM

- Low-interest financing for start-ups, succession and projects in Germany and abroad

WHO

- Small and medium-sized enterprises (SMEs, see page 134) with a workforce of less than 250 and annual sales of EUR 50m max. or a balance sheet sum EUR 43m max.
- Sole proprietors and freelancers
- Founders and successors, also as secondary occupation

WHAT

- Support is available for everything that is necessary for an entrepreneurial activity.
 - Acquisitions (investments), for instance, plant and machinery, land and buildings, construction costs, furnishings, company vehicles, furnishings and equipment, intangible investments such as licences and patents, software
 - Current costs (working capital), for instance, cash and cash equivalents, personnel costs, rents, marketing costs consulting costs
 - Material and goods warehouse
 - Business start-up, succession and investment
- Financing is provided to cover up to 100% of the costs eligible for funding.
- Loan amount of up to EUR 25m per project (without risk assumption), loan amount of up to EUR 25m for investments, takeovers and participations and up to EUR 7.5m for working capital as well as materials and warehouses (with risk assumption)
- The interest rate is set by your own bank (risk-based interest system).
- Minimum term: two years

HOW

- Please submit your application to KfW via your bank before commencing the project.
- This support can be combined with other support programmes within the scope of the relevant EU aid ceilings as long as this does not lead to over-financing. The aid cumulation provisions must be observed.

[Berlin-Brandenburg film and series
location 2025](#)

AIM

- Medienboard Berlin-Brandenburg GmbH is the point of contact and competence and consulting centre for the region's film and media industry. Besides its activities in the fields of monetary support, location marketing and structural promotion, the services of the Medienboard initiatives, such as the Berlin Brandenburg Film Commission (BBFC) and Creative Europe Desk Berlin-Brandenburg, are helping to modernise the media region.
- To strengthen the media region from an artistic, economic and technical perspective.
- To present and represent the media region in Germany and abroad

WHO

- Producers and developers from the Berlin-Brandenburg region

WHAT

- Film promotion supports the following:
 - development and production, distribution and sales of feature films, TV films,
 - cinemas,
 - high-end drama series, as well as
 - Digital film production (VFX)
- New media promotion supports the following:
 - games,
 - innovative audiovisual content, for instance, virtual, augmented and mixed reality projects or multi-platform content, as well as
 - serial formats (fiction, factual and entertainment).
- MBB support categories: Script, idea and project development, support for productions and young talent, distribution and/or sale and other projects (such as presentations, events, professionalisation measures, etc.)
- Funding is provided in the form of a loan repayable on the basis of success, in some cases also as a grant

HOW

- Applications must be submitted to Medienboard Berlin-Brandenburg GmbH before the project and/or measure begins.
- Applicants for production subsidies for films must usually furnish a distribution agreement.
- This programme can be combined with other support.
- There is no obligation to provide support.
- Applicants should usually bear 50% of the German share of financing. In the case of cross-border or difficult audio-visual productions, the applicant's share can be reduced.
- Medienboard Berlin-Brandenburg GmbH decides on the amount of support to be granted.
- At least the funds granted by Medienboard must be used in Berlin-Brandenburg (regional effect).

Filmproduktion: Zwischenfinanzierung / Film production: Bridge financing

Promoting Berlin-Brandenburg as a media location

AIM

- ↳ To strengthen the Berlin-Brandenburg media location

WHO

- ↳ Production companies based in Brandenburg and Berlin or German production companies (also as part of an international co-production venture) performing a large part of their service production in the Berlin-Brandenburg media region.
- ↳ Start-ups with sufficient production experience (budget experience, successful projects)

WHAT

- ↳ Project-related loans and guarantees are made available for bridge financing of film and television productions up to a sum of EUR 3.75m.
- ↳ The prerequisite is closed end financing.
- ↳ The minimum amount for guarantees and loans should total at least EUR 100,000.
- ↳ The terms and conditions are determined on the basis of the assessment of the specific risk.

HOW

- ↳ Informal applications can be submitted to Investitionsbank Berlin (IBB) or Investitionsbank des Landes Brandenburg (ILB).
- ↳ Medienboard Berlin-Brandenburg GmbH forwards the applications to the investment banks. Applications are checked and processed by ILB.
- ↳ Documentation concerning the company and the project must be additionally submitted with information typically requested by banks.

(refer to page 134).

Suitable for start-ups,
company successions
and young companies

AIM

- To create and secure permanent jobs by funding investments and wage costs in the commercial sector on behalf of the Senate Department for Economics, Energy and Public Enterprises

WHO

- Start-ups and companies in the commercial industries unless otherwise non-eligible for support for particular industries/branches.
- Support is generally not provided for investments in relocations from Brandenburg to Berlin.

WHAT

- Investments are eligible for funding if they are expected to have significant regional economic effects based on the investment volume or the number of permanent jobs created.
- Therefore, the following requirement applies in principle:
 - In a one-year period, the investment amount exceeds the average depreciation earned in the last three years by at least 50%. Special depreciation is not taken into account here.
 - Alternatively, the number of existing permanent jobs in the operating facility to receive support is increased by at least 10%.
- A proportionate grant is provided for investments in fixed assets with an investment volume of at least EUR 10,000 and a maximum investment period of 36 months.
- Small and medium-sized enterprises (SMEs, see page 134) and large companies (LEs) are subject to different criteria. These are explained in more detail on the IBB website.
- Support rate: between 10% and 30%, depending, among other things, on the size of the company, location of the facility and the amount of other subsidies
- The Berlin support region map provides information on which gross support rates are granted in which support region.
- Other projects are eligible for funding in individual cases. Special funding rates apply to investment projects aimed at accelerating the transformation towards a climate-neutral and sustainable economy.
- All provisions are based on the new Coordination Framework, which came into force on 1 January 2024.

HOW

- We urgently recommend that applicants contact IBB well in advance.
- Applications must be submitted to IBB before the project starts.
- There is no legal entitlement to an investment grant under this programme. The same is applicable to the support rate.

GründachPLUS / Green Roof PLUS

AIM

- ▬ This programme provides funding to expand roof and façade greening projects in Berlin.
- ▬ This should open up new potential for the creation of recreational areas and habitats for animals and plants and limit negative climate impacts throughout the city.

WHO

- ▬ Applications can be submitted by owners and other parties entitled to dispose of existing buildings in densely populated urban areas in Berlin (such as hereditary building owners, initiative groups, interest groups, associations, meeting places, retirement homes, etc.).

WHAT

- ▬ Support is available for the first-time installation of green roofs on residential, office and commercial buildings as well as on roofs of garages if at least 100 sqm of vegetation area is created.
- ▬ Funding is available for façades with at least 50 sqm of ground greening or 10 sqm of wall greening.
- ▬ Non-redeemable partial financing is granted once per building in the form of project funding.

The support programme is divided into two support tiers:

- ▬ **Grant for regular roof and façade greening**
 - Roof greening: EUR 180 max. per sqm
 - Fall protection for professional maintenance: EUR 5 max. per sqm of eligible space
 - Biodiversity green roofs: additional EUR 7.50 max. per sqm
 - Combination of green and solar roof: additional costs for layer build-up and substrate laying: EUR 40 max. per sqm
 - Façade greening: 50% of eligible costs
 - Roof and façade greening: 75% of consulting and planning costs, EUR 15,000 max.
 - Combination of roof and façade greening: no more than 60% of production costs for façade greening and 85% of consulting and planning costs, EUR 34,000 max.
- ▬ **Grant for Green Roof Lab**
 - Green Roof Lab support is available for particularly innovative, experimental, participatory or common-good-focused green roof concepts.
 - Roof and façade greening: up to 100% of eligible costs, to be decided by a funding committee
 - Extensive fall protection: no more than 30% of construction costs and up to 100% of planning and consulting costs; EUR 40,000 max.
 - A funding committee decides on the funding amount.

HOW

- ▬ Applications are submitted in two stages and in paper form.
- ▬ Applicants are at liberty to start planning the project at their own risk after IBB Business Team GmbH has confirmed receipt of the preliminary application.
- ▬ This programme can be combined with other business development programmes. However, it is not possible to combine this programme with SolarPLUS (see page 65).

www.ibb.de/downloads

AIM

- To finance investment in the growth of commercial and industrial enterprises with a commercial bank (consortium leader) in order to strengthen Berlin as a business location

WHO

- Applications can be submitted by companies from the commercial and industrial sector with a private majority shareholding and a facility or registered office in Berlin. The company should usually have been established three years prior to the date of submitting the application.
- The project to be financed must be carried out in or by the Berlin-based operating facility.

WHAT

- Co-financing of investments in fixed assets requiring the medium and long-term provision of funds as well as financing of investment in operating equipment in this context
- Re-financing and follow-up financing of existing loans
- Base financing for operating equipment with a fixed term
- Pre-financing of receivables, inventories or orders
- Rescue financing is not eligible. The exclusion criteria of the IBB Group's sustainability guidelines apply.
- Redemption loans, guaranteed loans and, in the case of loans for operating equipment, fixed loans with an IBB share of EUR 500,000 up to typically EUR 15m, or up to EUR 5m in the case of loans for operating equipment
- IBB finances a maximum of 50% of the total volume.
- The loan is paid out in full (100%) and subject to market rates as agreed to with the applicant's bank.
- Typical term of up to ten years. The loan is redeemed in equal instalments. Premature repayment in part or in full is generally not foreseen. Final details are subject to agreement with the applicant's bank.
- The loan must be secured with the customary collateral to be agreed to with the applicant's bank.
- Market rates/fees as agreed to with the applicant's bank

HOW

- Following examination of the specific case, the loan is granted jointly by the applicant's bank and IBB.

Impact VC Fonds für Social Entrepreneurs / Impact VC fund for social entrepreneurs

Investment capital for Berlin-based social enterprises

AIM

- IBB Ventures provides venture capital to start-ups with social and/or environmental added value in order to strengthen their equity base.
- Primarily financing for the development and launch of innovative, scalable products or services to achieve fast company growth.

WHO

- Companies that fulfil the following investment criteria:
 - Technological innovations or innovative business models with social or environmental added value
 - High potential for scaling and increasing value
 - The business contributes to the UN Sustainable Development Goals, which include instance health, education, environmental protection, sustainable consumption, inclusion and equal opportunities.
 - The social and/or environmental added value must be apparent, and it must be possible to plan and measure this using target values based on suitable parameters..
 - Founder and management teams with high levels of personal and professional competence
 - Companies that are still in the early phase; financing for growth is only possible in subsequent financing rounds.
 - Good medium-term exit possibility
- The company should be owned primarily by shareholders who are actively involved, it should have its place of business in Berlin and fulfil the EU's criteria for small and medium-sized enterprises (SMEs, see page 134) and it must be a corporation.
- The company may not be in difficulty as contemplated in the Community guidelines on state aid for rescuing and restructuring companies (companies in difficulty, see page 135).

WHAT

- Minority shares in equity
- Initial investments: at least EUR 200,000
- In subsequent financing rounds, the commitment with existing and/or new investors can be increased to up to EUR 3m depending on the capital requirement.

HOW

- Applicants should contact IBB Ventures directly.
- The basis for a first meeting is a brief description or a presentation. Strictly confidential handling is warranted.
- Participation under Impact VC Fund is generally contingent upon participation by other partners, such as venture capital companies, industrial companies or business angels.

In the case of investment
companies, the general
[de-minimis rules](#)
(refer to page 134).

Suitable for start-ups,
company successions
and young companies

AIM

- To improve financing conditions for young, innovative companies by reducing the risk for private investors (Business Angels) who provide venture capital

WHO

- Private investors who acquire shares in young, innovative companies
- Support conditions for companies:
 - Small companies, less than seven years in business, fewer than 50 full time equivalents, annual sales or annual balance sheet sum of EUR 10m max
 - Corporation (GmbH, AG) or registered cooperative (e.G.) with its head office in the EEA, with at least one branch or operating facility in Germany
 - The company must operate in an innovative industry or hold a patent (not older than 15 years) directly related to the business purpose, or have received in the past two years public funding for a research/innovation project, or have received in the past two years an innovation prize referred to on the BAFA website, or a brief report issued by an appointed, independent expert and ordered by BAFA confirms innovativeness.
- Support conditions for investors:
 - Individuals who are not affiliated to the company and whose main place of residence is in the European Economic Area (EEA)
 - Shares can be acquired through an investment company (GmbH or UG haftungsbeschränkt [German limited liability companies] with a maximum of ten shareholders (natural persons) and by subscribing to and holding shares as well as asset management and consultancy services as the object of business.
 - The investment must be a first-time investment in the company.
 - No support available for a follow-up investment.
 - Support is available for the acquisition of shares via a convertible loan.
- The shares must participate fully in risks and opportunities.

WHAT

- Private investors receive a grant amounting to 15% of the purchase price in the case of a direct share purchase or a convertible loan. The grant does not have to be repaid after the three-year minimum holding period.
- Minimum investment amount: EUR 10,000
- If the acquisition of shares is linked to milestones, each individual payment must total at least EUR 10,000.
- Up to EUR 666,000 can be granted per investor for the acquisition of shares.
- Shares of up to EUR 3m p.a. per company can qualify for support.
- If shares supported by INVEST are sold at a profit after the end of the three-year minimum holding period, the investor can apply for an exit grant and receive 25% of the capital gain as lump sum tax compensation (applies only to natural persons).
- Minimum amount of the capital gain: EUR 2,000
- The exit grant is limited to the sum of the acquisition grant received with the acquisition of the shares sold.

HOW

- ▬ Companies must submit their applications online to BAFA.
- ▬ BAFA then issues the company with a certificate of eligibility which boosts the company's chances of obtaining capital.
- ▬ The investor also submits the application for the acquisition allowance to BAFA (after the company has submitted its application and before the measure has commenced). Following examination, BAFA issues its decision and pays out the funding after the shares have been purchased and the required proof of investment has been submitted.
- ▬ Start-up project: The investor submits the application first. The company can only apply for eligibility after it has been established and entered in the commercial register.
- ▬ The application for an exit grant must be submitted online to BAFA at the latest six months after the sale.

BürgschaftsBank Berlin

Franklinstraße 6, 10587 Berlin

beteiligungskapital](http://www.mbg-bb.de/beteiligungskapital)

www.mbg-bb.de/anfrage

Subject to de-minimis rules
(refer to page 134).

AIM

- To finance projects in the form of a variable combination of guaranteed loans and investment from a single source. A guarantee serves to secure financing, whilst the dormant partnership strengthens the equity base. This generates positive effects for the company's balance sheet, credit-worthiness and rating, as well as an improved position in negotiations with the company's bank.

WHO

- The company must be an SME (see page 134) according to the EU's definition, i.e., less than 250 employees, maximum annual sales of EUR 50m or a maximum annual balance-sheet total of EUR 43m.

WHAT

- In addition to an indemnity bond issued by BürgschaftsBank Berlin in favour of a bank, Mittelständische Beteiligungsgesellschaft Berlin-Brandenburg GmbH provides investment designed to strengthen a company's equity.
- Any financing demand for projects of SMEs in Berlin
- Precondition: a future-orientated project and a sound concept

HOW

- Applications should be submitted either to BürgschaftsBank Berlin or Mittelständische Beteiligungsgesellschaft Berlin-Brandenburg GmbH.

KfW-Energieeffizienzprogramm – Produktionsanlagen/-prozesse / KfW energy efficiency programme – production systems/processes

Saving operating energy costs

AIM

- Financing of greenhouse gas saving measures in conjunction with production systems and processes at commercial companies in Germany and abroad

WHO

- In- German and foreign companies in the commercial industries with a private majority shareholding
- Freelance professionals
- Companies performing energy-related contract services for third parties
- For projects abroad: also subsidiaries of German companies and joint ventures abroad with a significant German participation (at least 25%)

WHAT

- Investment measures that achieve energy savings of at least 15%. Some examples of measures:
 - Energy-efficient systems and process technology
 - Compressed air, vacuum and suction equipment
 - Electric drives and pumps
 - Process electrification
 - Process cooling, cold stores, cold rooms
 - Heat recovery and waste heat utilisation
 - Carbon capture measures
 - Hydrogen utilisation plant
 - Digitalisation measures to increase energy efficiency
- Investment in modernisation that leads to greenhouse gas savings of at least 15% measured on the basis of average consumption over the past three years
- In the case of new investments, greenhouse gas savings of at least 15% must be achieved compared to the operation of a comparable system.
- Maximum amount: typically EUR 25m per project
- Up to 100% of the investment costs eligible for support can be financed.
- The interest rate is set by your own bank (risk-based interest system).
- The loans must be secured with customary collateral.
- Support is subject to subsidy regulations which must be adhered to by KfW and the applicant company.

HOW

- Please submit your application to KfW via your bank before commencing the project.
- This programme can be combined with other public funding within the scope of the EU's limits for grants.
- In the case of electricity generation plants (such as photovoltaic, wind turbines, CHP plants), it is not possible to claim KfW support and support under the Renewable Energy Sources Act (EEG) or the Combined Heat and Power Act (KWKG) at the same time for the same eligible costs.

AIM

- Low-interest financing for start-ups, successions and projects in Germany and abroad for larger SMEs, sole proprietorships and freelancers

WHO

- Large medium-sized companies with at least 250 employees and an annual sales of up to EUR 500m
- Successors

WHAT

- Support is available for everything that is necessary for an entrepreneurial activity:
 - Acquisitions (investments), for instance, plant and machinery, land and buildings, construction costs, furnishings, company vehicles, furnishings and equipment, intangible investments such as licences and patents, software
 - Current costs (working capital), for instance, cash and cash equivalents, personnel costs, rents, marketing costs consulting costs
 - Material and goods warehouse
 - Company succession and participation
- Financing is provided to cover up to 100% of the costs eligible for funding.
- Loan amount of up to EUR 25m per project (without risk assumption), loan amount of up to EUR 25m for investments, takeovers and participations and up to EUR 7.5m for working capital as well as materials and warehouses (with risk assumption)
- The interest rate is set by your own bank (risk-based interest system).
- Minimum term: two years

HOW

- Please submit your application to KfW via your bank before commencing the project.
- This support can be combined with other support programmes within the scope of the relevant EU aid ceilings as long as this does not lead to over-financing. The aid cumulation provisions must be observed.

KfW-Programm Erneuerbare Energien/ KfW “renewable energies” programme

Promotional loans for electricity and heat

AIM

- ↳ To promote the use of renewable energy for electricity or heat generation, power and heat cogeneration in cogeneration plants, as well as measures to integrate renewable energy into the energy system

WHO

- ↳ German and foreign private and public companies – regardless of size
- ↳ Corporations, institutions under public law, municipal special-purpose associations
- ↳ Private individuals and non-profit applicants who feed in at least part of the electricity or heat generated into the grid
- ↳ Co-operatives, foundations, associations
- ↳ Freelance professionals
- ↳ Farmers
- ↳ Projects outside Germany:
 - German private companies and their subsidiaries abroad
 - Joint ventures with a significant German share outside Germany
 - Freelance professionals in Germany

WHAT

- ↳ Promotional funds are available for:
 - Construction, expansion and acquisition of renewable energy systems that comply with the 2023 Renewable Energy Sources Act (EEG 2023), including the associated costs for planning, project planning and installation
 - Construction, expansion and acquisition of plants only for heat generation based on renewable energies
 - Heating/cooling networks and heating/cooling storage systems fed by renewable energies
 - Flexibilisation of electricity demand and supply, digitalisation of the energy transition
 - Contracting projects, modernisations with performance enhancement
- ↳ Standard bank loan with collateral to cover up to 100% of the net investment costs eligible for support
- ↳ Up to EUR 150m per project

HOW

- ↳ Submit your application to KfW via your bank before commencing the project.
- ↳ This programme can be combined with other support programmes.

Suitable for start-ups,
company successions
and young companies

AIM

- To promote investments in environmental protection and sustainability by commercial enterprises that are mainly privately owned

WHO

- Companies and sole proprietors in the commercial sector that are mainly privately owned, as well as freelancers
 - with their place of business in Germany
 - with a registered office abroad for subsidiaries, branch offices, operating facilities or branches in Germany
- Companies performing services for third parties within the scope of a contracting agreement
- Projects outside Germany:
 - Commercial enterprises, sole proprietors or freelancers based in Germany
 - Subsidiaries of the aforementioned German companies with their place of business abroad
 - Joint ventures with a significant German share outside Germany

WHAT

- All investments that contribute to improving the environmental situation and climate protection, conserving resources, strengthening biodiversity and near-natural habitats and helping to adapt to the consequences of climate change, in particular
 - Natural climate protection measures on buildings, on company premises or on the grounds of commercial and industrial parks (with a repayment allowance)
 - measures to use resources in an efficient and cycle-oriented manner (“circular economy”)
 - Air purification/noise protection
 - Technical climate protection measures
 - Adaptation to climate change
 - Environmentally friendly transport
 - Other environmental and nature conservation measures
 - Planning and implementation support
 - Up to EUR 25m per project
 - Up to 100% of the investment costs eligible for support can be financed.
- The interest rate is set by your own bank (risk-based interest system).
- Term of at least two years
- The loans must be secured with customary collateral.
- Funding is subject to subsidy regulations.
- Particularly low interest rates are available for small enterprises.

HOW

- Please submit your application to KfW via your bank before commencing the project.
- Within the scope of subsidy regulations, a loan under the KfW environmental programme can be combined with other support instruments (loans or grants/allowances) on condition that the total sum consisting of loans, allowances or grants does not exceed the total expenditure sum.

KMU-Fonds Gründung & Wachstum / SME fund for start-ups and growth

Financing for small and medium-sized enterprises (SMEs)

AIM

- The SME fund provides long-term financing for investments and related plant and equipment from start-up and growth loans of up to EUR 10m.

WHO

- Small and medium-sized enterprises in the commercial sector, freelancers and founders with a place of business in Berlin are eligible to apply, provided they are not active in one of the following sectors: agriculture, fisheries, aquaculture, coal, mining, nuclear power and tobacco.
- The project to be financed must be carried out in Berlin.

WHAT

- Co-financing of up to EUR 10m for investments in fixed assets within the scope of company acquisitions, new establishments, relocation, expansion, rationalisation and reinvestment measures as well as in operating equipment in conjunction with such investments
- Financing of working capital for the expansion and/or growth of SMEs (see page 134), for instance, to pre-finance orders and to develop and launch new products
- Also founder and early-phase financing during the first three years up to EUR 250,000
- Debt rescheduling and/or follow-up financing of projects already underway or completed, as well as financing for business rescue projects are ruled out.

HOW

- Loans from the SME Fund are granted jointly with the applicant's bank or another private financing party. Applications are sent to and loans granted via the applicant's bank (as syndicate financing or as part of a Berlin loan).
- Loan amount: up to EUR 10m with the applicant's bank or a private financing party providing at least the same amount
- In the case of loans of up to EUR 250,000 max., applications can be sent directly to Investitionsbank Berlin and loans for financing granted under the SME Fund will be directly granted by Investitionsbank Berlin.
- Funds to finance start-ups are limited to EUR 250,000 and are also available under the Berlin Start programme (see page 20).
- The granting of the loan is contingent upon a sound business concept that aims to achieve sustainable consolidation or improvement of the company's competitiveness and the promise of scheduled interest payments and redemption of the loan.
- An important criterion for granting the loan is sufficient commercial expertise (that can be supplemented through coaching).
- There is no obligation to provide financing.
- The loan must be secured with the customary collateral, if necessary, subject to agreement with the applicant's bank. In the case of partnerships and corporations, the managing shareholders or main investors are expected to furnish absolute guarantees; in the case of limited partnerships, this is required of the limited partners.
- Redemption periods of up to 20 years. Redemption-free periods can be agreed upon.
- Customary interest rates.
- In the event of premature repayment, a prepayment penalty will be charged.
- This programme can be combined with other support programmes.

Kongressfonds für nachhaltiges Tagen / Congress fund for sustainable meetings

Funded by the Federal State of Berlin

For enquiries about the Congress fund for sustainable meetings:

Investitionsbank Berlin

kongressfonds@ibb.de

For general information on Berlin as an event destination and for advice on sustainability:

visitBerlin Berlin Convention Office

Kongressfonds Berlin

Schöneberger Straße 15, 10963 Berlin

convention@visitBerlin.de

www.convention.visitberlin.de/

kongressfonds-berlin

www.ibb.de/kongressfonds

www.ibb.de/downloads

www.ibb.de/eantrag

Subject to de-minimis rules
(refer to page 134).

AIM

- The Congress fund for sustainable meetings is an initiative by the Federal State of Berlin to support the conference and convention industry. The fund aims to promote event management and provide impetus for organising events in Berlin on a sustainable basis and establishing innovative formats.
- The Federal State of Berlin is financing the Congress fund for sustainable meetings until the end of 2025.
- The Congress fund for sustainable meetings offers organisers an incentive to choose Berlin as an event location and to make bookings for Berlin conference facilities, accommodation and other services in the event sector.
- Innovative conference formats are equally supported by the Congress fund for sustainable meetings. Funding is provided for events that take place simultaneously at several venues in Berlin (“decentralised meetings”) or simultaneously in person and online (“hybrid implementation”) subject to certain criteria.

WHO

- Legal entities under private and public law and partnerships
- Natural persons as registered and unregistered sole proprietorships (for instance, sole traders or self-employed persons)
- With a registered office, a permanent establishment or a branch office in the Federal Republic of Germany
- Organisers of an event

WHAT

- Funding is available for events in Berlin that are aimed exclusively at a professional audience (congresses, conferences, seminars and training courses):
 - A non-redeemable, earmarked grant in the form of fixed-amount financing for up to EUR 99,950 max. per event
 - Flat rate amount of up to EUR 35 per day per attendee participating in the event
 - Basic funding for sustainable meetings (EUR 25) and additional funding for hybrid or decentralised formats (EUR 10) per day per attendee participating in the event

HOW

- Applications must be submitted online using the IBB customer portal before the project commences.
- The time of commencement is considered to be the time when the contract to execute the event is signed. Contracts may only be concluded at the applicant's own economic risk once the application has been confirmed.
- The conclusion of a contract with an event agency solely for the purpose of designing, organising and staging an event is not eligible for funding.
- The completed Sustainable Event Scorecard must be submitted with the application. A score of at least 300 points is required.
- A separate application must be submitted for each event.

Liquiditätshilfen BERLIN / BERLIN liquidity assistance

AIM

- Support for companies in difficulty (see page 135), also within the scope of insolvency proceedings, who need liquidity and are planning to re-structure. Jobs are to be secured, especially through restructuring.

WHO

- Small and medium-sized enterprises according to the EU's definition of SMEs (see page 134) with a facility in Berlin and who have completed the start-up phase (three years).
- The following sectors are not eligible for support:
 - Companies in the coal mining and steel industries
 - Companies subject to specific rules for banks
 - Companies in agriculture, forestry and fisheries
 - Companies working in hospitality
 - Retail companies
 - Businesses in the construction and related industries
 - Residential building companies and developers
 - Consumption-orientated service companies (excluding trades) and similar companies.

WHAT

- Co-financing of non-cash expenditure in conjunction with the restructuring and adaptation of the company to the market.

HOW

- Rescue and restructuring loans are granted.
- Short to medium-term loans (typically five years) of up to EUR 1m, with up to two years redemption-free
- The interest rate is based on the capital market interest rate.
- Investitionsbank Berlin charges refinancing interest plus a margin.
- Co-financing required

Funds to secure liquidity can only be granted if

- a tenable rescue concept is submitted showing that the company has the ability to achieve lasting returns,
- aspects of labour-market and development policy justify a positive decision,
- other financing parties (e.g. the shareholders or a commercial bank) bear a much higher share in the financing required, and
- non-scheduled repayments of loans with the applicant's bank are not made using funds under this programme.

info@goldrausch-ev.de

www.goldrausch-ev.de

Other micro-financing institutes at

www.mein-mikrokredit.de

The offer by Goldrausch e. V. is available to female founders and entrepreneurs in Berlin.

Subject to de-minimis rules (refer to page 134).

Suitable for start-ups, company successions and young companies

AIM

- My Microcredit is an offer by the Microcredit Fund Germany and funded by the Federal Ministry of Labour and Social Affairs.
- This fund was set up by the Federal Government to provide a nation-wide system for granting micro-loans of up to EUR 250,000 in order to cover the financing needs of small companies who have no access to loan-based financing from banks. Accredited micro-financing institutes establish contacts with and assist borrowers.

WHO

- Nation-wide: founders as well as small companies
- Offer by the Berlin-based micro-financing institute Goldrausch e. V.: Female founders and entrepreneurs with their place of residence and business in Berlin

WHAT

- To finance investment and equipment
- Support in the start-up, stabilisation and/or growth phase
- Strengthening general activities
- Implementation of new projects
- Opening up new markets
- Support for new developments

HOW

- Applicants should present a convincing business idea and should have a tenable business concept.
- As a rule, applicants should not be able to cover their borrowing requirements from their own funds.
- Loans are taken out in small steps, however, a loan must amount to at least EUR 1,000.
- If the first loan is redeemed over six months without any disruptions, another loan can be applied for.
- The loan sum may not exceed EUR 25,000.
- Applications are submitted in person together with a description of the project and financial budgeting.
- Term of six months to four years
- Interest rate of 8.1% plus an upfront fee of between EUR 150 und EUR 250
- Optional six-month redemption-free period
- Special and premature repayment possible
- Personal support by the micro-financing institute, from application to repayment
- Guarantees from private individuals or from business partners optional

Mikromezzaninfonds Deutschland / Micro-mezzanine funds Germany

Investment by Mittelständische Beteiligungsgesellschaft Berlin-Brandenburg GmbH (MBG) for small and micro-enterprises from the ERP special funds of the European Social Fund (ESF)

AIM

- ↳ To strengthen the equity basis
- ↳ To boost the risk-bearing capacity of the company
- ↳ To improve the rating and hence borrowing options and lower interest rates
- ↳ To finance capital investment and working capital (no debt rescheduling, no rescue financing)

WHO

- ↳ Small and young companies as well as start-ups (SMEs, see page 134)
- ↳ Special target groups:
 - Companies who provide vocational training
 - Start-ups by previously unemployed people
 - Companies managed by women or people with a migration background
 - Commercially orientated social and environmental companies

WHAT

- ↳ Silent partnership by MBG (no voting rights and no control)
- ↳ Investments of EUR 10,000 to EUR 50,000 or up to EUR 150,000 in the case of special eligibility
- ↳ Term: up to ten years
- ↳ Fixed participation fee depending on credit rating totalling between 6.5% and 8% p. a.
- ↳ Variable share in profits of 1.5% p.a.
- ↳ Once-off handling fee of 3.5% of the investment amount
- ↳ No physical collateral

HOW

- ↳ Investment applications must be supported by a description of the investment concept.
- ↳ Investment can be combined with other programmes.

Programm für Internationalisierung / Internationalisation programme

Programme parts: SME projects, joint projects, networking

AIM

- To strengthen the international competitiveness of Berlin's business sector and to support, in particular, small and medium-sized enterprises (SMEs, siehe S. 134) in developing new markets abroad.
- To boost growth potential and achieve high employment effects through internationalisation and the initiation of supra-regional and cross-border cooperation.
- Modular support, including trade fair and conference visits abroad, participation in joint trade fair booths and delegation trips, as well as the expansion of international networks with various forms of support.

SME projects (Pfl-KMU)

WHO

- SMEs in the manufacturing sector, production-related service companies and commercial firms as well as SMEs from the clusters having their registered office and/or a facility in Berlin.

WHAT

- Support is provided for the following modules:
 - Participation in trade shows, exhibitions, conferences, exchanges, fashion shows and showrooms abroad of a mostly international and professional/technical nature unless such events primarily serve as direct sales events.
 - Grant of up to 50% of the eligible total expenditure, maximum of EUR 12,000 per individual measure and a minimum total expenditure level of EUR 6,000.
 - Support is provided for a maximum of three measures per calendar year.

HOW

- Applications must be submitted to Investitionsbank Berlin.
- The application form must be submitted to IBB no later than six weeks before the measure begins.
- Measures may not be started, at the applicant's own risk, until IBB has received the application.
- Retroactive support is not permitted.

Gemeinschaftsprojekte (Pfl-GEM) / Joint projects

WHO

- Business-near institutions based in Berlin
- Especially chambers, associations and industry networks

WHAT

- Support is available for the following modules with a grant for up to 100% of total eligible expenditure and/or up to a maximum of EUR 150,000:
 - Joint and industry information booths at fairs and exhibitions of trans-regional relevance in Germany and abroad, primarily such fairs and exhibitions that are recorded in the federal-state trade fair schedule of Senatsverwaltung für Energie und Betriebe (Senate Department for Economics, Energy and Public Enterprises).
 - Location presentations as well as contact and co-operation exchanges, conferences, workshops and information events in Germany and abroad that particularly serve the economic interests of the Federal State of Berlin.
 - Trips by company delegations that particularly serve the economic interests of the Federal State of Berlin.

HOW

- Applications must be submitted to Investitionsbank Berlin.
- Applications for the other modules must be submitted to IBB at least six weeks before the measure begins.
- Measures may not be started at the applicant's own risk until IBB has received the application.
- Retroactive support is not permitted.

Netzwerkbildung (Pfl-NETZ) / Networking

WHO

- Business-near institutions and industry networks with an international orientation and their own legal personality, with economic aims and a registered office and/or facility in Berlin

WHAT

- The following modules are supported with a grant for up to 80% of the expenditure eligible for support over a period of one to three years:
 - Networking projects of business players and science institutions in the region and beyond which specifically support small and medium-sized enterprises (SMEs, see page 134) in Berlin in overcoming internationalisation barriers and which thereby support the establishment and development of sustainable international co-operation projects.
 - The network projects must particularly serve the economic interests of the Federal State of Berlin.

HOW

- Applications must be submitted to Investitionsbank Berlin.
- The application form must be submitted to IBB no later than six weeks before the measure begins.
- Measures may not be started at the applicant's own risk until IBB has received the application.
- Retroactive support is not permitted.
- IBB checks the application and forwards it to the senate department in charge of economic affairs for its comments, for identifying the economic interest and for assessing the application from a subsidy law perspective.

Co-funded by
the European Union

BERLIN GOES INTERNATIONAL
A Program of the Senate
Department for Economics,
Energy and Public Enterprises

SolarPLUS

To promote the expansion of photovoltaics in Berlin

AIM

- The SolarPLUS funding programme aims to provide targeted support and further accelerate the expansion of photovoltaics in Berlin by improving the economic efficiency of solar installations.
- SolarPLUS is a funding programme of the Senate Department for Economics, Energy and Public Enterprises.

WHO

- Private individuals, companies and others investing in a photovoltaic system in Berlin are eligible to apply, for instance:
 - Owners and other authorised parties of detached, semi-detached, multi-family and apartment buildings
 - Owner communities via the building management company
 - Energy service companies and energy suppliers as well as other companies
 - Tenants and owner-occupiers of flats with their primary place of residence in Berlin
 - Tenants of small and recreational gardens in Berlin

WHAT

- Grants are provided to owners and tenants of detached and semi-detached houses for:
 - Module A: Initial advice on tax issues
 - Module B: Measuring stations
 - Module C: Purchase or leasing of electricity storage systems
 - Module D: PV system suitable for listed buildings (additional costs compared to a standard PV system)
 - Module D: Façade PV system (additional costs compared to a standard PV system)
 - Module E: Plug-in solar units
- Persons entitled to dispose of apartment buildings or commercial units receive a grant for:
 - Module A: Roof surveys, feasibility studies, metering and measuring concepts
 - Module B: Measuring stations, merging of house connections
 - Module C: Purchase or leasing of electricity storage systems
 - Module D: PV system suitable for listed buildings, façade PV system (additional costs compared to a standard PV system)
 - Module D: Green roof PV system (additional costs due to simultaneous use of a (partial) roof area for a green roof and a PV system; additional costs compared to a standard PV system); condition: no additional funding from the [Green Roof PLUS programme](#) (see page 47)
 - Module E: Plug-in solar devices (tenants and owners of flats with their primary place of residence in Berlin)
- The grant amount can be found on the website.

HOW

- Applications for all modules must be submitted using the online application system.

VC Fonds Kreativwirtschaft Berlin III / VC Fund Creative Industries Berlin III

Investment capital for Berlin-based businesses in the creative sector

IBB Ventures

c/o IBB Beteiligungs-
gesellschaft mbH
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125-3201
info@ibbventures.de
www.ibbventures.de

Suitable for start-ups
and young companies

AIM

- With the VC Fund Creative Industries Berlin III, IBB Ventures invests in start-ups in various creative industries in the form of venture capital, thereby strengthening their equity base.
- The funds are primarily provided in order to finance the development and launch of innovative, scalable products or services in order to achieve quick company growth.

WHO

- VC Fund Creative Industries Berlin III invests in companies that fulfil the following investment criteria:
 - Innovative business models
 - High potential for scaling and increasing value
 - Part of the focal areas of the creative industries
 - Companies with innovative unique selling propositions
 - Founder and management teams with high levels of personal and professional competence
 - Companies that are still in the early phase; financing for growth only in subsequent financing rounds
 - Good medium-term exit possibility
- The company should be owned primarily by shareholders who are actively involved, it should have its place of business in Berlin and fulfil the EU's criteria for small and medium-sized enterprises (SMEs, refer to page 134) and it must be a corporation. In addition, the company may not meet any of the criteria laid down in the Community guidelines on state aid for rescuing and restructuring firms in difficulty (refer to page 135).

WHAT

- Minority shares in equity
- Initial investments: at least EUR 200,000
- In subsequent rounds with existing and/or new investors, the commitment can be increased to a total investment of up to EUR 4m, depending on the equity demand.

HOW

- Applicants should contact IBB Ventures directly.
- A brief description and/or a presentation form the basis for a first meeting. Strictly confidential handling is warranted.
- Participation by VC Fund Creative Industries Berlin III is generally contingent upon participation by other partners, such as venture capital companies, industrial companies or business angels.

AIM

- Facilitating the switch to low-emission drive systems for motor vehicles in Berlin

WHO

- Self-employed persons and SMEs (see page 134) with their registered office, facility or branch in Berlin
- Recipients in module C or D1-D3 of the SolarPLUS programme (see page 65) who can prove that the electricity generated by the funded storage or PV system is used to operate the charging infrastructure and/or the vehicle funded.
- Companies and self-employed persons with a permit (taxi concession) according to sections 2, 9 and following, and section 47 of the Passenger Transportation Act (PBefG, Personenbeförderungsgesetz)
- Only taxi companies are entitled to apply for vehicles in categories M1 and M2 (passenger cars).

WHAT

- Grants are provided to cover eligible expenditure for advice on e-mobility, to purchase or lease electrically powered vehicles as new or one-year old vehicles (registered in Berlin and used primarily for business purposes), to install a charging infrastructure and for company mobility management measures
- Potential consulting: 100%, max. (net) fee of EUR 800
- Implementation consulting: 80%, max. (net) fee per day of EUR 1,000
- Operational mobility management: 50% of the net investment costs, EUR 10,000 max. per individual measure
- Commercial vehicles (N1, N2): 25%, EUR 15,000 max.
- Car with a taxi concession (M1) and used as a taxi: 25%, EUR 15,000 max.
- Purchase of a new e-inclusive taxi (M1, M2): 35%, EUR 10,000 max. per vehicle
- Conversion to an e-inclusive taxi including installations for existing e-vehicles with a maximum mileage of 100,000 km and first registration less than two years ago: EUR 15,000 max. per vehicle
- Small light vehicles (L2e, L5e, L6e, L7e): 30%, EUR 5,000 max.
- Motorised two-wheeler subject to insurance and registration (L1e, L3e and L4e), pedelec and speed pedelec: EUR 500 each
- Purchase or leasing of the charging infrastructure: 50% of total costs, EUR 2,500 max. per AC charging point, EUR 30,000 max. per DC charging point
- Grid connection per location: 50% of total costs, EUR 5,500 max. for the low-voltage grid, EUR 55,000 for the medium-voltage grid
- Not permitted: Premature ordering of the vehicle or the charging infrastructure, or commissioning of the consulting service, operational mobility management measures, or installation of the charging infrastructure before receipt of the complete application
- The minimum holding period for vehicles and charging infrastructures: twelve months.
- The electricity for the charging stations must come from 100% renewable energy sources for at least twelve months.

HOW

- Applications must be submitted using the online application procedure.

Subject to de-minimis rules
(refer to page 134).

Suitable for start-ups,
company successions
and young companies

AIM

- ↳ To achieve better access to financing for investments and equipment for innovative, creative and sustainable companies through low-interest financing with 70% risk relief for the banks transmitting the loans.
- ↳ This financing is made possible by support under the European Union's InvestEU fund.

WHO

- ↳ Start-ups, freelancers, small and medium-sized enterprises (SMEs, see page 134), including social enterprises primarily active on the market as well as medium-sized companies with fewer than 500 employees, who at the time of application fulfil at least one of the innovation and digitalisation criteria, the creative industries criteria or the sustainability criteria defined in the product information sheet: These include, for instance:
 - Production, development or the introduction of innovative products, processes or services where a technology or marketed-related risk of failure exists.
 - The loan amount will be used to cover investment in conjunction with one of the more closely defined digitalisation projects.
 - The company is assigned to an eligible sector from the creative industries is financing such a project.
 - Measures to mitigate climate change or for adaptation to climate change
 - Measures in conjunction with the transition to a circular economy, waste prevention and recycling
 - Measures to improve social accessibility

WHAT

- ↳ Financing is to be provided for all forms of start-ups, investments, increase in stocks, as well as general working capital requirements.
- ↳ Loan amount: typically EUR 100,000 to EUR 3m
- ↳ Payout: 100%
- ↳ IBB grants the applicant's bank 70% liability redemption
- ↳ Flexible terms of between three and ten years
- ↳ Favourable, risk-differentiated interest rates
- ↳ Payments are effected each quarter and in arrears

HOW

- ↳ Applications must be submitted via the applicant's bank.
- ↳ Following a positive credit assessment and collateral check, the applicant's bank approves the loan application and passes the documents on to IBB.
- ↳ IBB also performs a credit assessment.

EIC Accelerator in Horizont Europa / EIC Accelerator in Horizon Europe

AIM

- Support for companies with ground-breaking, high-risk “deep tech” innovations and considerable international market potential as well as European and global ambitions through a grant that can be supplemented by an investment component

WHO

- Individual, for-profit start-ups as well as small and medium-sized enterprises (SMEs, see page 134) established in an EU Member State or in a country associated with Horizon Europe
- “Small mid-caps” (up to 499 employees) from an EU Member State or an associated country
- One or more natural persons (including individual entrepreneurs) or legal entities who wish to set up a company in the EU or an associated country or invest in an SME or small mid-cap and apply on its behalf

WHAT

- Start-ups and SMEs are eligible for funding
 - with an innovative product, service or business model,
 - with the potential to create new markets or disrupt existing markets,
 - with the ambition to scale across Europe and globally.
- For innovation activities (from technology readiness level (TRL) 6 to TRL 8), grants of between EUR 0.5m and EUR 2.5m can be awarded. The funding rate totals 70% of eligible project expenditure. The grant component is provided for measures such as development, demonstration and prototyping, activities relating to regulatory requirements and securing intellectual property as well as preparatory regulatory approval. The project term is typically 24 months.
- An investment component in the form of equity or a guarantee can be granted to finance market launch and scaling. The investment amount is negotiated individually and ranges from EUR 0.5m to EUR 10m.
- The term is typically seven to ten years, 15 years max.
- Collaborative projects are not eligible.

HOW

- The application procedure is made up of three stages:
 - Brief applications, including a pitch deck and a short video presentation, can be submitted throughout the entire application process.
 - If the review is successful, applicants will be invited to submit a full application. Applicants can choose between the open-topic area or advertised challenges.
 - If the full application is successful, candidates will then be invited to an interview in Brussels.
- Enterprise Europe Network Berlin-Brandenburg (EEN BB) provides support in the application process.

info@kfw.de
www.kfw.de

www.kfw.de/380

Suitable for start-ups,
company successions
and young companies

AIM

- Low-interest financing for digitalisation and innovation projects as well as for investments and working capital by innovative companies

WHO

- Small and medium-sized enterprises in the commercial sector ([SME](#), see page 134)
- Larger medium-sized enterprises with a private majority shareholding and with consolidated sales of no more than EUR 500m
- Young companies starting out in business
- Freelance professionals
- The ERP Digitalisation Loan supports small and medium-sized enterprises, freelancers and start-ups
- with their place of business in Germany
- with a registered office abroad for subsidiaries, branch offices, operating facilities or branches in Germany

WHAT

- Financing requirements in conjunction with a digitalisation and innovation project (investments and working capital)
- The total financing needs of an innovative company
- Up to 100% of the eligible investment costs and working capital
- Minimum loan of EUR 25,000 per project, maximum loan of EUR 25m (for each innovation and digitalisation project)
- Maximum of EUR 7.5 million per project by innovative companies
- Minimum term: two years

HOW

- Please submit your application to KfW via your bank before commencing the project.
- This support can be combined with other support programmes within the scope of the relevant EU aid ceilings as long as this does not lead to over-financing. The aid cumulation provisions must be observed.

ERP-Mezzanine für Innovation / ERP mezzanine for innovation

The financing package for developing new products and processes

AIM

- Long-term, low-interest financing for market-near research and development of new products, processes or services, as well as their large-scale further development in Germany
- The research and development phase can be accompanied up until commercial use begins.

WHO

- Private, commercial businesses,
 - who have been active on the market for at least two years,
 - who are mostly privately owned and
 - whose group sales do not exceed EUR 500m.
- Freelance professionals

WHAT

- Financing consists of two instalments:
 - a classic loan (borrowed capital),
 - a loan with a largely equity character (subordinated capital)
- Projects are supported that go beyond the international state of the art as well as projects that are new for the applicant companies.
- Projects eligible for support
 - include experimental development activities,
 - aim to perform a clearly defined, inseparable task with clearly defined goals,
 - can comprise several work packages, activities or services.
- If two or more research and development projects cannot be clearly separated from each other, and if each of them has no prospect of technological success on their own, they will be regarded as a single project.
- A financing package made up of a loan (borrowed capital tranche) and subordinate loans (subordinate tranche, depending on group sales)
- Financing is provided for up to 100% of the costs eligible for support (e.g. personnel costs, overheads, investments for R&D projects, measures to secure quality).
- Minimum loan of EUR 25,000, maximum loan of EUR 5m (per project)
- Term: typically ten years

HOW

- Please submit your application to KfW via your bank before commencing the project.
- Cannot be combined with other KfW support projects with liability redemption.
- This support can be combined with other support programmes within the scope of the relevant EU aid ceilings as long as this does not lead to over-financing. The aid cumulation provisions must be observed.
- Customary collateral is required for the outside capital share, no collateral is required for the junior component.

www.exist.de

www.exist.de/DE/Programm/Exist-Forschungstransfer/inhalt.html

Subject to de-minimis rules
(refer to page 134).

Suitable for start-ups
and young companies

AIM

- In two funding phases, support is provided for outstanding research-based start-up projects that involve elaborate and high-risk development work.

WHO

- In the first phase of support (“pre-seed”), support is available to research teams at universities and research institutes.
- In the second phase of support (seed), support is available to technology-orientated companies that were established as a result the first phase.

WHAT

- During the first phase, research results that have the potential to become the basis for a new business establishment are to be developed further. The aim is to perform development work in order to demonstrate technical feasibility, develop prototypes and prepare a business plan and finally to establish the company. Support includes advisory services provided by a start-up supporting network.
- The goals of the second phase of support are to develop to market maturity, start business operations and secure external follow-up financing.

HOW

- During the first phase of support, funding of up to EUR 250,000 max. is available to cover expenses for a maximum of four employees (three individuals with a scientific/technical background in addition to one person with business administration skills) as well as material expenditure on investment goods, consumables, students, intellectual property rights as well as contract awarding or coaching. In certain, justified cases, higher funding is also available.
- At universities and research institutions, support is available to fund up to 100% of eligible project-related expenditure. Start-up projects by the research institutes basically financed by the federal government and the federal states (FhG, HGF, Max-Planck-Gesellschaft, Leibniz-Gemeinschaft) are financed up to 90%.
- The first phase of support lasts up to 18 months; in particularly justified individual cases, a period of up to 36 months can be approved for highly innovative and demonstrably particularly time-consuming projects.
- The second support phase lasts up to 18 months. A non-redeemable grant of up to EUR 180,000 can be made available.
- As a precondition for support, the company must contribute its own funds and, if applicable, venture capital at a ratio of 1:3 (up to EUR 60,000).
- Personnel costs, depreciation on project-specific assets, contracts with third parties, material costs and the costs of filing intellectual property rights are eligible for support.
- Six months before the end of first phase, the application for support during second phase can be submitted if establishment of the company is to be pursued further.

EXIST start-up grant

As part of the “start-ups from academia” programme
by the Federal Ministry for Economic Affairs and Climate Action

AIM

- The start-up climate at universities and non-university research institutions is to be improved.
- The programme also aims to boost the number and success of technology-oriented and knowledge-based start-ups.

WHO

- Scientists from universities and non-university research institutions
- University graduates
- Former scientific staff (up to five years after graduation or leaving)
- University students who have completed at least half of the term of their studies at the time the application is submitted
- Founding teams with up to three funded members
- One of the up to three team members can be supported on condition that this member has completed qualified vocational training as a technical employee. Alternatively, the final examination of one team member may be more than five years ago.
- New: Funding in the “EXIST-WOMEN” programme also counts as meeting the five-year deadline.

WHAT

- A grant to secure personal livelihood
 - Founders with a doctoral degree: EUR 3,000 per month
 - University graduates: EUR 2,500 per month
 - Technical assistant: EUR 2,000 per month
 - University students: EUR 1,000 per month
 - Children’s allowance: EUR 150 per month and child
- Material expenditure
 - Teams of up to three persons: EUR 30,000 max.
 - Solo start-ups: EUR 10,000 max.
- Coaching: EUR 5,000
- Support is granted for a maximum term of one year.

HOW

- The university or research institute in Germany
 - submits the application – applications may be submitted at any time,
 - nominates and provides a mentor,
 - is a member of a founding network,
 - provides the workplace and guarantees free use of the infrastructure,
 - manages grant funds.
- Founding team
 - receives coaching services from the founding network,
 - attends the “Founding team” seminar,
 - visits the “Start-up team” seminar,
 - presents first results for the business plan after five months,
 - submits the business plan after ten months,
 - is responsible for paying taxes and social insurance contributions.
- Start-up only after support has commenced.

European Innovation
Council (EIC):
ec.europa.eu/info/research-and-innovation_de

European Institute of
Innovation and
Technology (EIT):
<https://eit.europa.eu>

Funding & Tenders
Opportunities Portal:
<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/programmes/horizon>

AIM

- Horizon Europe is the central instrument on the road to achieving the European Commission's strategic goals. The contents of the programme are based on important social issues, such as health, the environment and transport. The programme promotes research and innovation activities along the entire value chain, from the idea right through to market launch.
- The aim is to increase the scientific, economic and social impact of European research funding and to strengthen the European research area.

WHO

- Companies, universities, public and private research institutes, municipalities, associations in co-operation with partners.
- A minimum of three independent institutes from three different countries (member states or associated countries) must participate in a project.
- The involvement of additional participants from third countries is possible.

WHAT

- Horizon Europe is rooted in the three thematic pillars "Global Challenges and European Industrial Competitiveness", "Innovative Europe" and "Scientific Excellence". The three pillars are divided into thematic areas according to the structure of the work programmes.
- The work programmes are published biannually and describe the policy context, objectives and expected impacts. They contain the specific calls for projects, sorted by destination.
- The individual calls are listed according to destinations.
- Using relevant search terms, the official EU Funding & Tenders Opportunities Portal can be searched directly for the corresponding call.

Global challenges and European industrial competitiveness

- The pillar comprises six clusters:
 1. Health
 2. Culture, creativity and an inclusive society
 3. Civil security for society
 4. Digitalisation, industry and space
 5. Climate, energy and mobility
 6. Food, bioeconomy, natural resources, agriculture and environment

Innovative Europe

- The instruments focusing on innovation and market introduction are located in this pillar. These include the European Innovation Council (EIC), the European Innovation Ecosystems and the European Institute of Innovation and Technology (EIT).

Scientific excellence

- ↳ European Research Council (ERC)
- ↳ Marie Skłodowska Curie measures
- ↳ European research infrastructures

EU eligibility criteria

- ↳ Horizon Europe awards project-dependent non-repayable grants to cover between 70% and 100% of eligible project costs and a single flat rate grant for indirect costs to cover 25% of direct costs.
- ↳ The quality and excellence required for applications can be found in the respective calls.
- ↳ Apart from a few exceptions, all applications must be submitted in co-operation with European partners.

HOW

- ↳ Formal application within the framework of periodic calls for proposals, in the respective work programme and in the Funding & Tenders Opportunities Portal
- ↳ All details and the specific terms of tender can be found in the calls.
- ↳ Applications within the scope of Horizon Europe are accepted online only via the Online Submission Service. The system can be accessed via the respective tender page. Applicants require an EU login with a validated e-mail address which is easy to set up.
- ↳ Berlin Partner für Wirtschaft und Technologie supports companies and research institutes during the application process within the framework of Horizon Europe via the Enterprise Europe Network Berlin-Brandenburg (EEN BB).
- ↳ EEN BB informs companies and research institutes about innovation-orientated developments, initiatives and programmes of the European Union and supports them in their search for business and technology partners. It serves as a local guide by providing comprehensive information from Brussels. Berlin Partner für Wirtschaft und Technologie is the co-ordinator of EEN Berlin-Brandenburg in the capital city region.
- ↳ Via the EEN BB, Berlin Partner für Wirtschaft und Technologie offers the FörderNews-BB e-mail service that provides companies and research institutes with focused, industry-specific information about current tenders, including those for Horizon Europe. Users can sign up free of charge to receive FörderNews-BB by visiting the EEN Berlin-Brandenburg website.

INNO-KOM/Innovationskompetenz / INNO-KOM/Innovation competence

Promotion of innovation expertise with non-profit industrial research institutes (INNO-KOM)

EURONORM GmbH

Stralauer Platz 34, 10243 Berlin
Dr. Elvira Honza
Tel. +49 (0) 30 / 9 70 03-555
innokom@euronorm.de
www.euronorm.de

www.innovation-beratung-foerderung.de

www.innovation-beratung-foerderung.de/INNO-KOM-Dokumente

AIM

- Sustainable strengthening of the innovative capacity of small and medium-sized enterprises ([SME](#), see page 134) in economically disadvantaged regions through pre-competitive R&D projects by non-profit industrial research institutes, the results of which are made available to SMEs.
- Promoting the ecological transformation

WHO

- Support is available to legally independent non-profit industrial research institutes as part of their non-economic work. The institutes must be based in an economically disadvantaged region within the meaning of the assisted areas of the common task "improvement of the regional economic structure" ([GRW](#), see page 46). Furthermore, the institutes may not be part of a university nor belong to a co-funded knowledge community or receive institutional support of more than 20% (basic funding).

WHAT

- **VF module:** Preparatory research projects
Projects of a scientific nature with diverse options for application
- **MF module:** Market-orientated R&D projects
Projects with prospects for technological and economic success of transfer, especially in SMEs
- **IZ module:** Investment grant
Projects to improve the academic and technical infrastructure

HOW

- **VF module:** Preparatory research projects
 - Financing rate of 90% max.
 - Funding amount: EUR 550,000 max.
 - Max. share of 10% of R&D personnel eligible for financing
- **MF module:** Market-orientated R&D projects
 - Financing rate of 70% max.
 - Funding amount: EUR 400,000 max.
 - Max. share of 50% of R&D personnel eligible for financing
- In the case of VF and MF projects, the following individual items eligible for funding:
 - Direct personnel costs
 - General costs
 - Other direct project costs
 - Depreciation on project-specific equipment and devices
 - Costs for other purposes (for instance, project-related research orders to third parties, expenditure on intellectual property rights, licenses)
- **In the case of collaboration in VF and MF projects:**
 - Non-profit industrial research institutes can jointly apply for preparatory research projects (VF) and market-oriented R&D projects (MF).
- **IZ module:** Investment grant
 - Financing rate of 90% max.
 - Maximum grant per organisation and budget year: fewer than 50 employees: EUR 250,000 max., more than 50 employees: EUR 500,000 max.
- The following items are eligible for IZ funding:
 - Expenditure on machines, devices, instruments, equipment, intangible assets
 - Expenditure on construction measures to put the above into operation

KMU-innovativ / Innovative SME

Paving the way for cutting-edge research by medium-sized companies

AIM

- ↳ With the Innovative SME initiative, the Federal Ministry of Education and Research is supporting cutting-edge research by medium-sized companies in Germany. It also specifically addresses enterprises with no experience in the field of research support so that they can implement demanding research projects faster.
- ↳ The criteria for financing are excellence and innovation level of the project as well as good exploitation prospects.
- ↳ Financing is available for industrial research and pre-competition development projects to strengthen the innovative capabilities of SME (see page 134) in the following technology fields:
 - Bioeconomy
 - Biomedicine
 - Electronics and autonomous driving, high performance computing
 - Energy efficiency, climate protection and climate adaptation
 - Information and community technologies
 - Data science, information technologies, Industry 4.0
 - Communication systems, IT security
 - Interactive technologies for health and quality of life
 - Material research
 - Materials for health and quality of life
 - Materials for sustainable construction and infrastructure
 - Materials for information and communication
 - Materials for energy technology
 - Sustainable use of raw materials and materials
 - Materials for mobility and transport
 - Medical technology
 - Photonic and quantum technologies
 - Resource efficiency and climate protection
 - Raw material efficiency and circular economy
 - Sustainable water management
 - The future of value creation

WHO

- ↳ Research-intensive enterprises and enterprise-near service providers fulfilling the criteria of SMEs defined by the European Commission
- ↳ Research institutions, colleges, universities and other companies working together with the companies

WHAT

- ↳ Financing is available for high-risk, technology-spanning and application-orientated industrial research and pre-competition development projects. The details can be found in the respective public support notification.

HOW

- ↳ Two-phase support process:
 - During the first phase, project outlines can be submitted at any time.
 - Project proposals submitted compete with each other.
 - Uniform deadlines for evaluating the project outlines submitted: 15 April and 15 October.
 - On the basis of the assessment, applications are then submitted in the second phase for the project ideas selected for support.

Partially suitable for young companies

Pro FIT-Frühphasenfinanzierung / Pro FIT early phase financing

Programme to promote research, innovation and technologies

Investitionsbank Berlin

Kundenberatung
Wirtschaftsförderung
(Business Customer Centre)
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125-4747
wirtschaft@ibb.de
www.ibb.de

www.ibb.de/profit-fruehphase

www.ibb.de/downloads

www.ibb.de/eantrag

Suitable for start-ups and
young companies

AIM

- ↳ To improve financing opportunities for early-stage technology companies
- ↳ Make it easier for technology-oriented founders to build up their business infrastructure and personnel capacities and make use of the necessary services

WHO

- ↳ Newly established technology-oriented small firms with their place of business in Berlin who are attempting to perform an innovation project (anchor project).
- ↳ The companies should be no older than twelve months in order to receive financing from early phase 1, and no older than 24 months if applying for financing from early phase 2.
- ↳ A mentor is required for motivation, networking and exchange, who is committed to the newly established company, has relevant entrepreneurial experience and has a least a small stake in the company's financing (at least 5% of the funding provided).

WHAT

- ↳ During both early phases, financing is available for all of the newly established company's necessary personnel, investment and operating expenses that are needed to establish and operate the company's initial infrastructure and used to prepare the anchor project in early phase 1. Support is available for personnel expenses (above all, for the CEO), investment expenditure and current operating costs. The expenses may not be directly linked to the anchor project nor incurred in conjunction with sales-related customer orders.
- ↳ Financing is provided, depending on the respective early phase, in the form of non-repayable grants and/or low-interest loans. In both early-phases, financing is available to cover 100% of expenses eligible for support.
- ↳ Early phase 1:
 - Up to 50% of expenses in early phase 1 are financed with a non-repayable grant and a loan.
 - Early phase 1 can last for a maximum of one year.
 - The innovation (anchor) project must have begun by the end of early phase 1.
- ↳ Early phase 2
 - Expenses in early phase 2 are financed with a loan.
 - Early phase 2 ends on completion of the anchor project.
- ↳ Total financing for both phases can amount to a maximum sum of EUR 500,000 with financing in early phase 1 limited to EUR 200,000.
- ↳ Loans in early phase 1 are usually granted as interest-free loans.
- ↳ Loans in early phase 2 are low-interest loans.
- ↳ The loans have a term of up to ten years.
- ↳ It is possible to agree to final-maturity payment and a declaration of subordination.
- ↳ The loans are granted without the need to provide collateral.

HOW

- ▬ Applications together with a detailed business plan (text and figures) must be submitted using the eApplication procedure.
- ▬ The business plan must include a brief description of the planned anchor project and details of the early phase mentor(s).
- ▬ What's more, the required early-phase finance planner must also contain the expenditure expected for the anchor project, for other planned funded projects as well as for revenue generating business.
- ▬ The key budget items must be explained.
- ▬ Based on the documents submitted and a personal presentation by the founders, an external expert will assess the matter on the basis of the following aspects: technology, market environment, market launch strategy, budget consistency and team, in order to determine whether the planned business concept is generally suitable for and worth financing. The company's legal situation will also be examined on the basis of the partnership agreement as well as the SME declaration to be submitted.
- ▬ If the outcome of this examination is positive, IBB will request additional documents from the applicant company to perform its commercial examination.
- ▬ In the next step, the company's commercial documents as well as the economic standing of the applicant company will be assessed.
- ▬ The major shareholders must submit suitable information (individuals, for instance, must submit a voluntary disclosure statement).
- ▬ Based on this, IBB will perform an overall economic assessment, checking whether or not the shareholders have made a reasonable contribution towards the company's financing.
- ▬ Only when the application has been received by IBB and after its approval can the early phase project begin at the applicant's own financial risk (premature commencement). IBB's approval for premature commencement of the project is typically granted when the outcome of the technical assessment of the business concept was positive.

Pro FIT-Projektfinanzierung / Pro FIT project financing

Programme to promote research, innovation and technologies

Investitionsbank Berlin

Kundenberatung
Wirtschaftsförderung
(Business Customer Centre)
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125-4747
wirtschaft@ibb.de
www.ibb.de

www.ibb.de/profit

[youtube.com/c/Investitionsbank
BerlinIBB](https://youtube.com/c/InvestitionsbankBerlinIBB)

www.ibb.de/downloads

www.ibb.de/eantrag

Subject to de-minimis rules
(refer to page 134).

Suitable for start-ups and
young companies

AIM

- Pro FIT can be used to finance technology-orientated projects during all phases of the innovation process, from research to market introduction.

WHO

- Applications can be submitted by businesses and research institutes with their place of business or an independently organised facility in Berlin:
 - Companies
 - SME (see page 134): alone or together with companies or research institutes
 - Non-SMEs: only in conjunction with SMEs and research institutes
 - Research facilities:
 - only in conjunction with at least one company

WHAT

- Support is available for single and combined projects in the phases of industrial research, experimental development as well as production development, market preparation and market launch.
- Support is available for project-related personnel expenditure, external costs, material expenditure, filing of intellectual property rights, expenditure related to market launch and market preparation, as well as indirect project costs.
- Subsidies are granted, depending on the innovation phase, in the form of non-redeemable grants and/or low-interest loans.
- Non-repayable grants of up to EUR 400,000 (per project or, in the case of collaboration projects, per project partner) can be made available for research and development projects by businesses and research institutions. Maximum support percentages for project expenditure eligible for support total up to:
 - Industrial research phase:
 - 80% (including the SME and collaboration bonus)
 - Experimental development phase:
 - 40% only in the case of research institutes collaborating with other parties
 - 25% only in the case of large enterprises collaborating with other parties
 - 60% for SMEs only for thematic calls
 - Details about the individual call will be announced by the senate department in charge of economic affairs.
- In the case of allowance-free financing and support programmes for research and development projects by research institutes, the support rate totals up to 75% or up to 100%, respectively, of the project-related expenditure in as far as financing from public basic financing resources can be obtained. The recipient's own share must total at least 25% of the total project expenditure eligible for support.

- ▬ In order to finance projects during the phase of experimental development as well as production development, market preparation and market introduction undertaken by small and medium-sized enterprises, support is granted in the form of low-interest loans of up to EUR 1m and a max. of 80% of the costs eligible for support per project. The following terms and conditions apply to low-interest loans:
 - The loans have a term of up to eight years.
 - The interest rates on loans are below market conditions. Small enterprises additionally benefit from an interest bonus of 0.25%.
 - The loan is normally secured by pro-rata absolute guarantees by the relevant shareholders. Guarantees can be waived if the shareholders contribute a reasonable share towards project and/or company financing.
 - Loans for establishing production, market preparation and market launch are granted as de-minimis assistance. This may result in a limit to the loan amount.

HOW

- ▬ The proposed project must be clearly described using the forms available. This must then be submitted to IBB together with the interactive “Project application” form, the Pro FIT finance planner as well as documents related to the applicant’s legal situation using the secure eAntrag (online) procedure.
- ▬ In the case of group projects, application documents must be completed by each project partner. The project description must be drawn up jointly by all of the project partners.
- ▬ As soon as the application has been received by IBB, the project can commence at the applicant’s own financial risk. The main risk in this case is that the project may not qualify for support.
- ▬ Based on the documents submitted, two external experts will analyse the proposed project in technical terms and assess its market relevance shortly after submission.
- ▬ Given a positive outcome of the examination, the possible project financing (type and amount) is determined, and the applicant is requested to submit further documents for the commercial assessment. The prospective Pro FIT financing that results from the technical examination may differ from the application in terms of type and amount.
- ▬ In the next step, the company’s commercial documents as well as the applicant’s economic standing will be assessed.
- ▬ The major shareholders must submit suitable information (individuals, for instance, must submit a voluntary disclosure statement).
- ▬ Based on this, IBB will perform an overall economic assessment, checking whether or not the shareholders have made a reasonable contribution towards the company’s financing.
- ▬ In the event of approval, only the project-related expenditure incurred after the application was received will qualify for support.
- ▬ The approval committee decides at monthly meetings whether to grant funding, as well as on the terms and conditions to which such funding is subject from case to case.

Service für Technologietransfer, Innovationsmanagement und Cross-Innovation / Service for technology transfer, innovation management and cross innovation

Berlin Partner für Wirtschaft und Technologie GmbH

Fasanenstraße 85, 10623 Berlin
Gerd Blutke
Senior Manager Innovation
Tel. +49 (0) 30 / 4 63 02-4 23
gerd.blutke@berlin-partner.de
<https://www.berlin-partner.de/en>

[www.businesslocationcenter.de/
unsere-services/innovation-service](http://www.businesslocationcenter.de/unsere-services/innovation-service)
and
<https://innobb.de/en>

Suitable for start-ups,
company successions
and young companies

AIM

- To increase the innovative strength and competitiveness of companies, in particular, of SME (see page 134), of the cluster and industry sectors in Berlin through sector-spanning support for the initiation of technology transfer and group projects in co-operation with universities and science institutes in the capital city region.

WHO

- The services supported are available to SMEs, universities and science institutes. One of the project partners must be based in Berlin.

WHAT

- The free services include:
 - Information regarding formats and instruments for knowledge and technology transfer as well as innovation management
 - Establishment of contact with experts from science and business
 - Examination of co-operation possibilities for product and process developments
 - Information related to protection strategies and licensing
 - Pilotage for initiating co-operation and transfer projects
 - Information related to financing and support offerings
 - Organisation and implementation of technology-orientated co-operation forums

HOW

- Informal application

AIM

- Small and medium-sized enterprises (SME, see page 134) are to be given better access to design services in order to strengthen the competitiveness of their products and services.
- The aim is to involve the design competence of the design industry and/or universities in the innovation process of SMEs at an early point in time and in an application-orientated manner.
- Co-operation is designed to strengthen regional competence and to initiate and support access to international markets.

WHO

- SMEs with a registered office or place of business in Berlin, which pursue eligible activities according to the current rules of the common task "improvement of regional economic structure" (GRW, see page 46) (assigned to the positive list (Annex 4.1) of the GRW Coordination Framework) and whose project or service is of a clearly innovative nature. Companies that do not fulfil the funding requirements of the GRW can be funded in individual cases – exclusively from funds of the Federal State of Berlin – in accordance with these guidelines.
- Social economy enterprises with a registered office or place of business in Berlin, whose projects or services have a strong technological connection
- Technology-orientated SMEs who (wish to) develop and introduce their own products, processes or services on the market.
- The SME must be legally independent and the business activity must be profit-oriented.
- Social economy enterprises include companies whose business model offers ecological, social or societal added value. Social economy enterprises also operate predominantly in the market and are geared towards generating market income in competition with other providers, although profit maximisation is not a primary objective.

WHAT

- Transfer of design know-how of companies in the design industry and universities to SMEs
- Design projects and measures with a reference to the applied research and development within the scope of developing new products and services and/or improving the quality of existing products and services.
- Services by design companies who are legally independent from the company submitting the application or services by universities.
- The companies commissioned, including non-affiliated companies) must be based in Berlin or Brandenburg and have proven design expertise and experience which must be demonstrated in at least one reference in a comparable field.
- Expenditure on external research and development activities related to planning, development and implementation is subsidised when such activities are geared towards designing new or modified products, services and production processes to market or production maturity. This includes interface and interaction design for new software-based products and processes as well as service design.
- The expenditure items required to provide the transfer service (e.g. personnel, materials, usage fee) are eligible for funding up to the maximum amount of the project volume previously recognised as appropriate, however, no more than up to the amounts specified in the funding guideline under the standard variant.

<https://transferbonusdesign.de>

www.transferbonusdesign.de/downloads.html

Subject to de-minimis rules
 (refer to page 134).

- Trade fair and exhibition design is only eligible for funding if the goal is a self-contained, reusable product. Funding is not available for the design of advertising materials and websites.

HOW

- Earmarked project funding as a non-repayable grant
- Pro-rata financing amounting to 70% of the expenditure eligible for support, EUR 15,000 max.
- The allowance cannot be combined with other federal or federal-state programmes is not possible.
- The term of a project should not exceed six months.
- The project must be completed no later than June 2026.
- Support can be approved for up to a maximum of three clearly different projects (which can, however, be based on each other). Exceptions are subject to approval by the senate department in charge of business.

AIM

- Support the transfer of technology and knowledge from scientific and research institutions to small and medium-sized enterprises (SME, see page 134)
- Boost the innovative strength and strengthen the ability of SMEs to master the challenges of digital transformation
- Support of the development of new products or services, from the idea to market maturity, and for the improvement of the quality of existing products and processes through collaboration between academia and business – in particular, the implementation of digitisation solutions in business models and work organisation.

WHO

- Technology-oriented SMEs in the commercial sector and the social economy. Support is also available to newly established SMEs. Nontechnology orientated SMEs may also apply if their project has a strong technological orientation.
- The company must have its registered office or an operating facility in Berlin.

WHAT

- Support is available to cover part of the costs of services by scientific and/or research institutes in Berlin and Brandenburg to implement projects in applied research and development.
- Support is offered in two phases:
 - First-time variant: A grant of up to 100% of the contract volume, however, no more than EUR 7,500, to cover expenditure on external scientific activities prior to the development of a new or modified product, service or process innovation and which is incurred during concrete, first-time collaboration between the company and a scientific institute.
 - Standard variant – project funding or digitalisation project: A grant of up to 70% of the contract volume, however, no more than EUR 15,000 (project) or a once-off amount of up to EUR 45,000 (digitalisation) to cover expenditure on external R&D activities related to planning, development and implementation that are geared towards designing new or modified products, services and production processes to reach market or production maturity or, in the field of digitalisation, to develop products (suppliers) and/or to implement such products internally (users)
- Support is generally only available for services that are related to the specific expertise of scientific and research institutes in Berlin and Brandenburg and which cannot be

HOW

- Support is granted in the form of project funding as a non-repayable grant.
- Within a defined project, the Science Transfer BONUS cannot be combined with other project-related R&D support by the federal government or the Federal Land. If projects are clearly distinguishable, several support measures can be used parallel.

Suitable for start-ups

VC Fonds Technologie Berlin III / VC Fund Technology Berlin III

Investment capital for Berlin-based technology companies

IBB Ventures

c/o IBB Beteiligungsgesellschaft mbH
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125-3201
info@ibbventures.de
www.ibbventures.de

Suitable for start-ups
and young companies

AIM

- With the VC Fund Technology Berlin III, IBB Ventures invests in start-ups in various technology sectors in the form of venture capital, thereby strengthening their equity base.
- The funds are primarily provided in order to finance the development and launch of innovative, scalable products or services in order to achieve quick company growth.

WHO

- VC fund technology Berlin III invests in companies which fulfil the following investment criteria:
 - Technological innovations or innovative business models
 - High potential for scaling and increasing value
 - Can be assigned to one of the following industries: Healthcare, Industrial Technologies or software and IT
 - Companies with a technological unique selling proposition of a development lead of several years
 - Founder and management teams with high levels of personal and professional competence
 - Companies that are still in the early phase; financing for growth is only in subsequent financing rounds
 - Good medium-term exit possibility
- The company should be owned primarily by shareholders who are actively involved, it should have its place of business in Berlin and fulfil the EU's criteria for small and medium-sized enterprises ([SME](#), refer to page 134), and it must be a corporation. In addition, the company may not meet any of the criteria laid down in the Community guidelines on state aid for rescuing and restructuring [firms in difficulty](#) (see page 135)

WHAT

- Minority shares in equity
- Initial investments: at least EUR 200,000
- In subsequent rounds with existing and/or new investors, the commitment can be increased to a total investment of up to EUR 6m, depending on the equity demand.

HOW

- Applicants should contact IBB Ventures directly.
- A brief description and/or a presentation form the basis for a first meeting. Strictly confidential handling is warranted.
- Participation by VC Fund Technology Berlin III is generally contingent upon participation by other partners, such as venture capital companies, industrial companies or business angels.

WIPANO – Knowledge and technology transfer through patents and standards

AIM

- The “patenting – company” module under the WIPANO programme is a continuation of the previous “SME patent campaign” of the SIGNO programme sponsored by the Federal Ministry for Economic Affairs and Climate Action (BMWK). The programme is designed to help recipients to understand the advantages of industrial property rights and to use the patent system strategically.
- Support is provided for the protection of research and development results through industrial property rights and for their use.
- In another module, the transfer of the latest research results into norms and standards is supported.

WHO

- Newcomers who have not yet filed a patent application or companies that have not filed a patent or utility model application in the last three years
- Small and medium-sized enterprises (SMEs, see page 134), including craft enterprises and engineering offices with their place of business in Germany

WHAT

- The “company patenting” support priority covers a funding period of two years.
- 50% of expenses are reimbursed in the following two modules:
 - Module 1 with a grant of EUR 10,000 max.: Advice on filing an IP application, art examination of the invention with a view to the state of the art, official fees and expenses for patent attorneys
 - Module 2 with a grant of EUR 6,000 max.: Preparation of a cost/benefit analysis, trademark and design applications, activities to exploit the invention, patent protection insurance
- The maximum grant per company hence totals EUR 16,000.

HOW

- Applications for participation in the “patenting and exploitation promotion” programme as part of WIPANO are submitted using the “easy-On-line” portal at Forschungszentrum Jülich (project sponsor).

Part of the WIPANO programme - Knowledge and technology transfer via patents and standards with a focus on companies – is supported by the Federal Ministry for Economic Affairs and Climate Action (BMWK)

www.wipano.de

foerderportal.bund.de/easyonline

Subject to de-minimis rules (refer to page 134).

Suitable for start-ups, company successions and young companies

Zentrales Innovationsprogramm Mittelstand (ZIM) / Central innovation programme for medium-sized enterprises

Sponsored by the Federal Ministry for Economic Affairs and Climate Action

The ZIM project sponsors will advise you free of charge on all application steps.

Contact details of the project sponsors:
www.zim.de/ZIM/Redaktion/DE/Textsammlungen/Ansprechpartner/ansprechpartner-neu.html

Funding is provided on the basis of the guideline “Central innovation programme for medium-size enterprises (ZIM)”, which came into effect on 1 January 2025 and which you can find on the website www.zim.de

www.zim.de/ZIM/Navigation/DE/Formularcenter/formularcenter.html

The application process is completely digital. Please use the project sponsor's upload portal to submit the completed forms.

Grants for feasibility studies and network management for the “Innovation networks” funding variant are subject to the provisions of the de-minimis rules (refer to page 134).

ZIEL

- The innovative strength and competitiveness of SMEs (see page 134), of skilled crafts companies and professional freelancers are to be improved on a lasting basis. This is designed to contribute towards economic growth, in particular by tapping value-added potential and raising the level of application-orientated knowledge .

WHO

- SMEs with business operations in Germany which, including associated or partner companies, fulfil the EU's SME criteria at the time of application.
- Medium-sized enterprises with an operating facility in Germany who together with their affiliated or partner companies employ at the time of application a workforce of less than 1,000. Companies with a workforce of more than 500 are entitled to apply as long as they co-operate with an SME.
- Public and private, non-commercial German research facilities (including universities) if they are co-operating with a company receiving support

WHAT

- Project-dependent funding is granted as a non-repayable grant in the form of partial financing based on the costs eligible for funding.
- Funding is provided in advance for three types of project and feasibility studies
 - Individual R&D projects: R&D activities by a single company to develop innovative products, processes or technical services without any restriction to certain technologies or industries
 - R&D co-operation projects: R&D co-operation projects between at least two companies or between at least one company and a research institution to develop innovative products, processes or technical services without any restriction to specific technologies and sectors; also possible as international R&D co-operation with foreign partners (companies and research institutions)
 - Innovation networks: Network management services and R&D projects initiated in the national or international network

HOW

- Applications must be submitted before the project starts and before contracts are signed by the project partners involved.
- Formal digital applications should be submitted to the local project sponsor.
- Applications can be submitted at any time.

The Career Development Act (AFBG)
is to be amended. The latest details can
be found on the website listed here.

www.aufstiegs-bafoeg.de

<https://afbg-digital.de>
Online applications with BundID
and Online-Ausweis

AIM

- Government funding under the Career Development Act (AFBG, Aufstiegsfortbildungsförderungsgesetz), also known as the 'professional career development grant', relates to advancement in the dual system of vocational education and training.
- Funding according to the AFBG is designed to financially facilitate professional advancement, especially above the level of journeymen, skilled workers and assistants.
- Since 1996, the AFBG has been the counterpart to the Federal Training Assistance Act (BAföG), which promotes school and academic education.

WHO

- Support is available to participants in vocational training programmes who:
 - are preparing to train as a master craftsman/woman or industrial foreman/forewoman, educator, technician, commercial clerk, economist or to obtain one of more than 700 comparable higher qualifications and
 - meet with the requirements of the respective training regulations for exam admission or who qualify for the vocational training pursued (pre-qualification).
- Student drop-outs or school leavers without any other vocational training qualification but who have the work experience required under the training regulations are eligible for support under this programme. As a precondition, this option must be foreseen in the related training regulations
- This also applies to Bachelor graduates who are striving for advanced qualification and who meet the applicable requirements.
- Foreigners are eligible if they have their permanent place of residence in Germany and hold a specific residence title or a permanent residence permit, or if they have already resided legally in Germany for 15 months and have been gainfully employed. This includes the time spent in vocational training.
- There is no age limit.

WHAT

- Support for full-time and part-time training consists of financial contributions to the costs of further training (course and examination fees, material costs of an examination project as a master craftsman or craftswoman), irrespective of income and assets.
- In addition, a financial contribution to living expenses is paid for full-time measures, depending on income and assets.
- Funding is provided partly as a grant (financed from federal government and federal state funds) and partly as an offer of a low-interest loan from Kreditanstalt für Wiederaufbau (KfW).
- In order to finance teaching and examination fees, a sum amounting to the fees actually incurred of up to EUR 15,000 can be granted irrespective

of income or assets. 50% of the support is paid as a grant and KfW issues an offer for a low-interest bank loan to cover the remaining amount. The recipient's economic or financial situation is irrelevant for the awarding of the loan. The material costs of an examination project as a master craftsman or craftswoman can be funded up to EUR 2,000. 50% of the support is paid as a grant and KfW issues an offer for a low-interest bank loan to cover the remaining amount.

- ↳ The material costs of a master craftsman's examination project can be supported up to half the amount of the necessary costs with up to EUR 2,000. 50% of this support is paid as a grant. KfW issues an offer for a low-interest bank loan to cover the remaining amount.
- ↳ When participating in full-time measures, a contribution to living costs can also be approved. This contribution to living costs is dependent on the income and assets of the applicant or that of his/her spouse or life partner. Support is provided as a grant of 100% and does not have to be repaid.
- ↳ The maximum monthly contribution to living costs for a single person currently totals EUR 963. This is made up of basic and housing need as well as an increase amount and allowances for health and nursing care insurance, if applicable.
- ↳ If applicants are married or live in a registered life partnership and are not permanently separated, this amount increases by a maximum monthly sum of EUR 235.
- ↳ If there are children entitled to children's allowance, the maximum monthly amount increases by EUR 235 per child.
- ↳ Single parents in full-time or part-time measures with children under the age of 14 or children with a disability living in their household are eligible for an additional flat-rate childcare allowance of EUR 150 as a grant. This allowance is independent of income or assets.

Loan release for successful examination and start-up:

- ↳ If the examination is successfully passed, an application can be submitted for release from 50% of the loan to cover teaching and examination fees still payable at this point in time.
- ↳ If a company is founded or taken over, or if freelance activities are commenced within three years after passing the exam, KfW can fully release (100%) the borrower (subject to application and proof) from the loan to cover training and examination fees which is not yet due for repayment at this time.

HOW

- ↳ Formal application.
- ↳ Education institutes other than public organisations or institutes supervised by the government are obliged to prove that they are applying a quality assurance system (section 2a AFBG).

Arbeits- und Ausbildungsplätze für Schwerbehinderte / Jobs and training positions for the severely handicapped

Investment support for creating new jobs and training positions for the severely handicapped

Landesamt für Gesundheit und Soziales

behinderung/inklusionsamt-arbeit-
und-behinderung/arbeitgeber/](https://www.berlin.de/lageso/behinderung/inklusionsamt-arbeit-und-behinderung/arbeitgeber/)

AIM

- To create new jobs on the general labour market, in particular, for the long-term unemployed and particularly affected, severely handicapped persons

WHO

- Employers creating a new job or training position for a severely handicapped person in the Federal Land of Berlin.

WHAT

- Maximum grant of EUR 25,000 for each newly created job or training position with an employer contribution of at least 20% related to the disability-independent capital investment for this particular job or training position
- The costs for any additional measures which may be necessary due to the employee's disability are also usually paid in full by the relevant rehab sponsor.
- The jobs or training positions to be supported must be reserved for severely handicapped persons over a maximum period of three years depending on the conditions of the specific case.

HOW

- Informal written application up to six months after hiring a severely disabled person

Ausbildungszuschuss / Training allowance

AIM

- More training positions and higher training quality

WHO

- Support is designed for companies that create training jobs:
 - within the scope of integrated training
 - in a profession where vocational training is located outside Berlin (marginal occupations)
 - for young people with disadvantages on the training market
 - for female trainees
 - for single parents
 - by taking over trainees from companies that have gone bankrupt or have shut down
 - for refugees
- Under this programme, allowances are within the scope of first-time vocational training with the exception of integrated training and support for refugees.

WHAT

- Allowances
- Support for integrated training for each demonstrated day of training at the integration partner totals EUR 40 for each training contract, up to EUR 6,500 max. for a three-year training period or EUR 7,500 for a 3.5-year training period, up to EUR 2,500 max. for a two-year training period (exception). Integrated training in preparation of examination can be supported with up to EUR 400.
- Support for vocational training in marginal occupations totals EUR 12 for every demonstrated day of vocational school training.
- Support for disadvantaged young people totals:
 - 30% of the trainee's pay during the first year of training,
 - 30% of the trainee's pay during the second year of training,
 - 70% of the trainee's pay during the third year of training up to EUR 10,000 max.
- Support for women in a profession not typical for women totals 75% of the trainee's pay, however, no more than EUR 7,500.
- Support for single parents with at least one child up the age of twelve totals 75% of the trainee's pay, however, no more than EUR 7,500.
- Support for trainees from bankrupt companies/closed-down companies totals 75% of the trainee's pay, however, no more than EUR 5,000.
- Support for refugees amounts to EUR 2,000 for the first and third year of training and EUR 1,000 for the second year of training.

HOW

- Formal applications to be submitted to Handwerkskammer Berlin (Chamber of Skilled Crafts and Small Businesses in Berlin).

Eingliederungszuschuss nach §§ 88ff. SGB III / Integration allowance pursuant to Sections 88 and following of the German Social Security Code, Volume Three (SGB III)

Financial support for new recruitments

Agenturen für Arbeit (Job Centres) in Berlin

Addresses and further information about Berlin's job centres can be found using the office search of the Federal Employment Agency:
web.arbeitsagentur.de/portal/metasuche/suche/dienststellen

Information and advice are also available from the Federal Employment Agency's Employer Service:
Tel. +49 (0) 30 / 4 55 55 20 (toll free)
www.arbeitsagentur.de/unternehmen/arbeitgeber-service

www.arbeitsagentur.de/unternehmen/finanziell/eingliederungszuschuss-zur-foerderung-arbeitsaufnahme

www.arbeitsagentur.de/datei/dok_ba033295.pdf

AIM

- Financial compensation for employers if an employee does not (yet) meet the respective requirements of the job when employment commences.

WHO

- Companies offering regular jobs to workers in need of help.
- Workers in need of help are all persons who:
 - due to their person are more difficult to place in jobs and who underperform in the position to be filled
 - are recognised as severely handicapped, or who have an equivalent status, and who are particularly affected within the scope of section 104 (1), Nos. 3a-d of Volume IX of the Social Security Code (§ 104 Abs. 1 Nr. 3 a-d SGB IX).

WHAT

- Allowance of 50% max. based on the regularly paid wage
- The allowance scope and sum is decided by the job centre (Agentur für Arbeit) in each case and is orientated towards the scope of the employee's reduced performance and the respective integration requirements.
- The share of total social insurance contribution payments is considered on a flat-rate basis.
- Support period: 12 months max.
- Additional options:
 - up to 36 months for people over the age of 55
 - 70% max. up to 24 months for disabled or severely disabled people
 - 70% max. up to 60 months for particularly affected severely disabled people, and up to 96 months for people over the age of 55,
- After 12 months, the allowance is reduced by 10%; in the case of older, particularly affected severely disabled people, after 24 months.
- The integration allowance must be paid back if employment is terminated during a subsidy term or during the subsequent term of employment (this does not apply to particularly seriously affected people with a severe handicap).
- The subsequent term of employment corresponds to the relevant support term, 12 months max.

HOW

- Applications should be submitted to the job centre (Agentur für Arbeit) responsible for the district where the employer has its registered place of business.
- Applications by employers must be submitted at the latest before signing the employment contract
- There is no legal obligation to grant relief hereunder. Allowances can only be granted within the scope of the budgeted volume.

Einstiegsqualifizierung nach § 54 a SGB III / Entrance qualification pursuant to section 54 a of Volume III of the German Social Security Code (§ 54 a SGB III)

Support to prepare for in-company training

AIM

- Preparation and first steps towards vocational training
- Introduction to and deepening of fundamentals for acquiring working skills via a long-term internship registered under the statutory social insurance scheme and ending with a company certificate
- The certificate can be used to apply to the relevant chamber for a certificate to shorten the training programme.
- The company should be committed to taking on trainees.

WHO

- Employers who provide entrance qualification
- Eligible applicants are people registered with the job centre (Agentur für Arbeit) looking for a training position but who
 - have limited placement prospects for individual reasons and were unable to find a training position even after the nationwide follow-up placement campaigns,
 - do not yet have all the qualifications needed for training,
 - have learning disabilities or
 - are socially disadvantaged.

WHAT

- A monthly allowance based on the EQ remuneration paid, plus a flat-rate share of the EQ trainee's average total contribution to social insurance which is recalculated each year but which remains constant for the duration of the individual support period
- The support period corresponds to the duration of the long-term internship (at least four months, and no more than 12 months).
- Assistance during training can also be granted to socially disadvantaged youths and youths with impaired learning capabilities.
- This support usually ends at the time the training year starts.

HOW

- Applications should be submitted to the job centre (Agentur für Arbeit) responsible for the district where the employer has its registered place of business.
- Applications by employers before the start of the EQ measure
- Conclusion of a qualification contract with a remuneration obligation pursuant to section 26 of the Federal Vocational Training Act (BBiG)
- The company issues a certificate after completion of the entrance qualification measure.
- The company must be able to qualify the EQ participants, but must not necessarily be qualified as a training facility.
- The EQ participant is required to attend a vocational school unless the school board has issued a waiver. This support is also paid during the vocational school teaching period.

AIM

- ↳ To support the sustainable integration of long-term unemployed people with two support instruments in accordance with the Equal Opportunities Act (THCG, Teilhabechancengesetz)

WHO

- ↳ Companies that employ long-term unemployed people in regular jobs (full-time and part-time)

WHAT

- ↳ Support instrument 1: "Integration of long-term unemployed persons" according to section 16e of Volume II of the Social Security Code (§16e SGB II) who have been unemployed for at least two years and be employed for at least 2 years
 - Wage subsidy for two years: 75% in the first year, 50% in the second
 - Employment coaching during the two years for recipient employees (release from work is obligatory in the first six months)
 - Maximum grant of 100% towards the costs of further professional development if such support is provided to the employee during employment
- ↳ Support instrument 2: "Participation in the labour market", according to section 16i of Volume II of the Social Security Code (section 16i SGB II) who are over the age of 25, have been unemployed for at least six years and have received unemployment pay II:
 - Wage subsidy for five years: 100% in the first and second year, 90% in the third, 80% in the fourth, 70% in the fifth
 - Employment coaching for up to five years for recipient employees (release from work is obligatory for the entire first year)
 - Maximum grant of EUR 3,000 towards the costs of further professional development if such support is provided to the employee during employment

HOW

- ↳ Applications should be submitted to the job centre.

Landesprogramm Mentoring / Mentoring programme by the Federal State

Supported by the Senate Department for Labour, Social Affairs, Gender Equality, Integration, Diversity and Anti-Discrimination

AIM

- Support for projects that offer mentoring to trainees as an early and preventive measure to stabilise training and to strengthen young people's skills, so that they can successfully complete training.
- Strengthening and further development of civic commitment, including through qualification and networking of volunteer mentors

WHO

- Training companies who are looking for mentoring for a trainee
- Young people who have signed a training contract in an occupation recognised under the German Vocational Training Act or the Skilled Crafts Code and who are training in an occupation in one of the following areas:
 - Hotel, catering, tourism
 - Construction industry
 - Safety and security
 - Health
 - Services

WHAT

- A voluntary mentor is assigned to the trainee who will work with the trainee and address the situation in a personal and trust-based manner.
- In a 1:1 situation, trainees will learn to meet the requirements of the company in the same way as those of the vocational school. They also learn to develop their own skills and pursue the goals set.
- Even in difficult personal situations in the trainee's private life, the mentor can provide stability and help the trainee to successfully complete training.

HOW

- The projects offered by various sponsors are presented for selection in the "Projects" section on the programme website.
- By selecting a project that focuses on the sector where training positions are offered
- Send an e-mail or call.

Landeszuschuss für kleine und mittlere Unternehmen / Federal-state allowance for small and medium-sized enterprises

Supported by the Senate Department for Labour, Social Affairs, Gender Equality, Integration, Diversity and Anti-Discrimination

zgs consult GmbH

Bernburger Straße 27, 10963 Berlin
Tel. +49 (0) 30 / 2 84 09 – 2 84
landeszuschuss@zgs-consult.de
www.zgs-consult.de

Subject to de-minimis rules
(refer to page 134).

Suitable for start-ups,
company successions
and young companies

AIM

- Support for small and medium-sized enterprises (SMEs, see page 134) in Berlin in the recruitment of skilled workers and labour,
- Developing employment opportunities for disadvantaged people
- Promotion of “good work”

WHO

- Allowances for jobs are available to non-affiliated SMEs based in Berlin, even newly established SMEs, if they hire persons who live in Berlin and fulfil the following requirements:
 - people who have been out of work for at least six months
 - Employees from subsidised employment relationships in accordance with Section 16e or 16i of Vol. II of the German Social Security Code (SGB II) as well as participants from work opportunities in accordance with Section 16d SGB II
 - People who are employed or self-employed and receive supplementary benefits in accordance with SGB II
 - People in marginal employment who do not receive supplementary benefits under SGB II, provided that their marginal employment relationship (“mini-job”) is converted into full-time employment registered under the statutory social insurance scheme
- In order to receive the federal-state allowance, SMEs must fulfil the following conditions, among others:
 - The weekly working time of the job supported must be at least 35 hours (full-time).
 - The respective applicable statutory state minimum wage in Berlin is paid.
 - No dismissals for were carried out for operational reasons in the last six months in the department/trade in which the person is to be employed. In addition, no decisions were made over the last six months to no take on trainees in the operating department/trade for operational reasons.

WHAT

- Allowances are granted based on the gross wage costs.
- The allowance amount depends on the gross wage and the term of employment.
- The higher the gross wage is above the statutory minimum wage in Berlin, the higher the allowance.
- Up to EUR 17,000 in funding for permanent employment contracts
- There is no obligation to continue employment.

HOW

- Formal application
- The application must be submitted prior to recruitment.
- The minimum support term totals 12 months.

Meister- und MeisterinnenBONUS / Master craftsman and master craftswoman BONUS

AIM

- The Master craftsman and master craftswoman BONUS is aimed at young master craftsmen and craftswomen and is designed to ease the financial burden on those who have completed a master craftsman's examination.
- The funding programme is intended to mitigate the financial disadvantage compared to university studies for those who incur high costs in master craftsman's training.

WHO

- The Master craftsman and master craftswoman BONUS is awarded to graduates for qualifications in the trades listed in Annex A and B to Section 31 (1) of the German Vocational Training Act (HwO, Handwerksordnung).
- The master craftsman examination must have been successfully passed in the Federal State of Berlin after 1 January 2024. The date of the test result certificate is decisive.
- The main place of residence or the place of employment under the statutory social insurance scheme must be in the Federal State of Berlin at the time the examination result is determined.

WHAT

- The bonus generally totals EUR 5,000 per approved application.
- The bonus can be increased by EUR 1,000 if a woman graduates as a master craftswoman in a trade that is not typical for women.

HOW

- The Berlin Chamber of Skilled Crafts (HWK) is responsible for technical examination of applications and for technical queries regarding the programme.
- Bonus applications must be submitted using an official form. This includes the documents needed to review the conditions approval of the bonus.
- The Senate Department for Economics, Energy and Public Enterprises, as the competent approval authority, will decide on the application on the basis of the documents submitted by means of a legally appealable decision.

WEITER.BILDUNG! / FURTHER.TRAINING!

Qualification Offensive of the Federal Employment Agency

Agenturen für Arbeit (Job Centres) in Berlin

Addresses and further information about Berlin's job centres can be found using the office search tool of the Federal Employment Agency:

web.arbeitsagentur.de/portal/metasuche/suche/dienststellen

Information and advice are also available from the Federal Employment Agency's Employer Service:
Tel. +49 (0) 30 / 4 55 55 20 (toll free)
www.arbeitsagentur.de/unternehmen/arbeitgeber-service

www.arbeitsagentur.de/unternehmen/finanziell/foerderung-von-weiterbildung

www.arbeitsagentur.de/datei/weiterbildung-qualifizierungsoffensive-qualifizierungsgeld_ba047842.pdf

AIM

- To secure and improve the competitiveness of companies by supporting the further professional development of employees with limited skills or of older employees
- With the qualification allowance variant: Securing the jobs of employees in the event of structural change-related qualification requirements

WHO

- Companies investing in the further professional development of their low-skilled or older employees

WHAT

- The Qualification Offensive offers
 - extended access to professional development support
 - grant towards training costs (from 15% max. to up to 100% max. depending on the size of the company and other conditions)
 - grant towards wages during further professional development (from 25% max. to up to 100% max. depending on the size of the company and other conditions)
 - regardless of the size of the company, higher grants in the case of qualification agreements between the social parties and/or increased need for further training
- If there is a company agreement or a company-specific collective agreement, the qualification allowance option can be used to secure employees' jobs by providing net compensation amounting to 60 to 67% of the net pay difference resulting from participation in further training. It is also possible to cover additional disability-related expenses.
- Support is provided for the further professional development of employees while wages continue to be paid.
- As a precondition, employees are required to complete more than 120 hours of further professional development.
- The implementation of the qualification measure can be arranged in a flexible way in terms of training times, such as full-time, part-time or in-service.
- Please contact the job centres (Agentur für Arbeit) about the support that is possible for your company.

HOW

- Applications should be submitted to the job centre (Agentur für Arbeit) responsible for the district where the employer has its registered place of business.
- If several employees are participating, collective applications can be submitted.

Consultancy and in-house training

THE BUSINESS SUPPORT PROGRAMMES

BUSINESS SUPPORT PROGRAMMES
CONSULTANCY AND IN-HOUSE TRAINING

Important technical terms are explained in the [Glossary](#) (refer to page 134 and following).

Beratungsförderung / Consultancy allowance

Guideline of the Federal Ministry for Economic Affairs and Climate Action
for the promotion of consulting services for SMEs

Bundesamt für Wirtschaft und Ausfuhrkontrolle

Referat 413
Frankfurter Straße 29-35
65760 Eschborn
Tel. +49 (0) 61 96 / 9 08-15 70
[unternehmensberatung@
bafa.bund.de](mailto:unternehmensberatung@bafa.bund.de)
www.bafa.de/unb

Support according to the
Funding Guideline of the
Federal Ministry for Economic
Affairs and Climate Action
(BMWK);
Approval and payment of
grants from the Federal Office
of Economics and Export
Control (BAFA);
The grant for consulting
costs can be applied for until
the funding guideline expires
on 31 December 2026.

[fms.bafa.de/BafaFrame/
unternehmensberatung](https://fms.bafa.de/BafaFrame/unternehmensberatung)

Subject to de-minimis rules
(refer to page 134).

AIM

- Small and medium-sized enterprises (SMEs, see page 134) as well as free-lance professionals receive an allowance to cover consultancy fees. This allowance is designed to entice them to make use of external expertise in order to increase their performance and competitiveness and to assist them in adapting to changed economic conditions.

WHO

- The promotion of consulting services is aimed at small and medium-sized legally independent enterprises that have their registered office and business operations in the Federal Republic of Germany.
- The company or the company together with a partner or affiliated company may not exceed the limits for staff and annual turnover or balance sheet sum.

WHAT

- Consulting services for young and established SMEs can be promoted within the scope of all economic, financial, personnel and organisational issues concerning company management.
- Funding is available for each applicant SME for a maximum of two consultations per year and a total of no more than five consultations during the period of validity of the Guideline (31 December 2026). Consulting may not last longer than five days. The consulting days do not have to be consecutive. The measure can be extended and billed over the entire support period (maximum of six months).
- Each support measure must be carried out as an individual consulting service, seminars or workshops alone are not considered. The consulting service must be documented by the consultant in a written report.
- The support amount is orientated towards the maximum relevant consulting costs (eligible costs) and the company's location.

Location	Max. consulting costs eligible	Support rate ¹	Max. Grant
New federal states	EUR 3,500	80%	EUR 2,800
Without the Federal State of Berlin			
Without the Leipzig region			
With the Lüneburg region			
With the Trier region			
Old federal states	EUR 3,500	50%	EUR 1,750
Without the Lüneburg region			
Without the Trier region			
With the Federal State of Berlin			
With the Leipzig region			

HOW

- Applications are submitted online using BAFA's application platform
- Applications are pre-examined by a liaison office and the result is communicated to the applicant
- After this, a consulting agreement can be signed and/or consulting services commenced. Retroactive support is not possible.
- Companies that have been active on the market for less than one year at the time of application must take part in a free informational interview with a regional contact person of their choice by the time they submit their proof of use. Companies that have been active on the market for more than one year can conduct such an interview.
- After consultancy services have been provided, evidence of use must be submitted online within six months via BAFA's application platform.
- The liaison office pre-checks the documents and passes these on to BAFA.
- The grant is approved and paid following final examination by BAFA.

ENEO – Energieberatung für Effizienz und Optimierung / ENEO – Energy consulting for efficiency and optimisation

IBB Business Team GmbH

ENEO – Energieberatung für
Effizienz und Optimierung
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125-2365
eneo@ibb-business-team.de
www.ibb-business-team.de/eneo

You can find ENEO energy
consultants here:
[www.ibb-business-team.de/
eneo/energieberater-pool](http://www.ibb-business-team.de/eneo/energieberater-pool)

[www.ibb-business-team.de/eneo/
antragstellung-rechtliches](http://www.ibb-business-team.de/eneo/antragstellung-rechtliches)

[https://ibb-bt.antragsverwaltung.
de/login.php](https://ibb-bt.antragsverwaltung.de/login.php)

Subject to de-minimis rules
(refer to page 134).

AIM

- Property owners in Berlin receive support for their energy-efficient building renovation projects.

WHO

- Owners of owner-occupied residential buildings and apartment buildings:
 - Private landlords
 - Housing associations
 - Home-owner communities
 - Housing companies
 - Private investors

WHAT

- Support covers three pillars:
 - Energy consulting by experts
 - A grant for the preparation of energy assessments
 - Individual and free-of-charge support before refurbishment
- The grant amount depends on the number of residential units in the building in question
- Payment in two instalments

HOW

- Applications are submitted via the electronic application system.
- The energy assessments can only be carried out by ENEO energy consultants who are listed in ENEO's pool of energy consultants.
- An energy assessment may not be commissioned until after the application has been submitted.

Energieberatung für Nichtwohngebäude, Anlagen und Systeme (EBN) / Energy consulting for non-residential buildings, installations and systems (EBN)

Initiative Energy Efficiency

AIM

- Qualified energy efficiency consulting services aim to reduce information deficits, identify energy saving potential and implement energy savings.

WHO

- Small and medium-sized enterprises (SMEs, see page 134)
- Freelance professionals with their registered office and business operations in Germany
- Municipal regional authorities and special-purpose associations
- Non-profit organisations
- Religious communities with corporate status
- Non-SMEs whose total energy consumption per year does not exceed 500,000 kilowatt hours

WHAT

- Grant towards the cost of energy consulting in three modules:
 - Module 1: Energy audit DIN EN 16247
 - Module 2: Energy consulting DIN V 18599
 - Module 3: Contracting orientation advice
- The modules can be taken independently of each other.
- Grant amount for module 1:
 - for annual energy costs of up to EUR 10,000 (net): 50%, EUR 600 max.
 - for annual energy costs in excess of EUR 10,000 (net): 50%, EUR 3,000 max.
- Grant amount for module 2:
 - Net floor space of less than 200 sqm: 80%, EUR 850 max.
 - Net floor space of between 200 and 500 sqm.: 50%, EUR 2,500 max.
 - Net floor space of more than 500 sqm.: 50%, EUR 4,000 max.
- Grant amount for module 3:
 - for annual energy costs of up to EUR 300,000 (net): 50%, EUR 3.500 max.
 - for annual energy costs in excess of EUR 300,000 (net): (net): 50%, EUR 5,000 max
- Funding for energy consulting for the same applicant or organisation and the same subject matter may be reapplied for no sooner than four years after payment of funding previously granted under this Directive or the respective predecessor Directive.

HOW

- Application details and documents, as well as link to the approved energy consultants can be found in the contact information.
- Applications can also be submitted by the coach if the required authorisation is presented.

qualifizierung.gesbit@jsd.de
www.gesbit.de

Professional consulting for all
those interested in further
vocational training in Berlin:
beratung-bildung-beruf.berlin

AIM

- Small and medium-sized enterprises (SMEs, see page 134) systematically use further professional qualification as a key element of sustainable human resources development.
- SMEs combine their development needs and objectives with suitable instruments and methods to develop human resources and secure skilled workers and to these ends use further training and qualification measures.
- SMEs can plan, implement and evaluate made-to-measure qualification measures and offers.
- SMEs know and use funding opportunities to plan and implement further professional qualification measures.
- SMEs are aware of the fact that low-skilled and elderly people as well as refugees constitute a human resource.

WHO

- Entrepreneurs and employees of SMEs
- Personnel and training managers at SMEs
- Representation bodies at companies
- Expert public

WHAT

- Free on-site consultancy and support, independent of specific providers
- Consultancy services regarding training needs and qualifications (job situation, company qualifications) for employees
- Consultancy services regarding possible vocational qualifications (individual company retraining, post-qualification, modular qualification with the aim of obtaining a vocational qualification parallel to employment)
- Consultancy services regarding current funding opportunities, financing and relevant terms and conditions
- Consultancy services regarding the implementation of company training objectives, training needs analysis, further professional qualification strategy
- Advice on setting up and optimising the “Human Resources and Further Education” management process
- Identification and selection of customised further training programmes together with the companies and independent of specific providers
- Making companies aware of low-skilled and older employees and of occupational health management

HOW

- Queries handled by phone or e-mail
- Advice by video, telephone, in person and by e-mail
- Monthly dialogue workshop on procedures and funding opportunities in the qualification process (information on dates can be found on the website listed)

Innovationsgutscheine des BMWK (go-inno) BMWK innovation vouchers (go-inno)

Sponsored by the Federal Ministry for Economic Affairs and Climate Action

AIM

- Boost the innovative strength and competitiveness of the companies advised, to protect jobs or create new jobs by professionalising innovation management
 - Reduce technical and economic risks
 - Create and improve internal conditions for the successful implementation of innovation projects
 - Reduce transaction costs for technology collaboration

EURONORM GmbH

Stralauer Platz 34, 10243 Berlin
Tel. +49 (0) 30 / 9 70 03-2 00
go-inno@euronorm.de
www.innovation-beratung-foerderung.de

WHO

- Companies from the commercial and industrial sector including skilled crafts with fewer than 100 employees, annual turnover or an annual balance sheet sum of EUR 20m max. and a facility or branch office in Germany

www.bmwk.de/go-inno

WHAT

- Funding is provided for external consulting services by authorised consultancy firms in order to prepare and implement product and technical process innovations at companies with technological potential.
- Consulting services are offered in two phases:
 - Service phase 1: Potential analysis (including strengths/weaknesses profile, marketability, time requirements, financing plan)
 - Service phase 2: Implementation concept (including technology assessment, preparation of collaboration, creative workshop, enabling the establishment or expansion of innovation management)

HOW

- Only consultancy firms authorised by the Federal Ministry for Economic Affairs and Climate Action (BMWK) are authorised to provide services under the BMWK innovation voucher (go-inno) programme.
- If you are interested, enter into a consulting service agreement with an authorised consultancy firm.
- You can then redeem the innovation voucher and receive consulting services.
- The consultancy firm takes care of invoicing the innovation project for you.
- Support is provided in the form of vouchers to cover up to 50% of the (net) expenditure on consulting services. The vouchers are therefore a fully valid substitute means of payment. You as the recipient of consulting services only pay your own share.

INQA-Coaching

inqa-beratungsstelle@f-bb.de

www.inqa.de/inqa-coaching.de

Berlin's INQA consulting offices are co-financed by the Senate Department for Labour, Social Affairs, Equality, Integration, Diversity and Anti-Discrimination with funds from the Federal State of Berlin.

INQA Coaching Card:

<https://www.inqa.de/DE/angebote/inqa-coaching/inqa-coaching-karte/uebersicht.html>

www.inqa.de/DE/mediathek/videos/inqa-erkluerfilm.html

Subject to de-minimis rules
(refer to page 134).

AIM

- Small and medium-sized enterprises (SMEs, see page 134) use agile methods to find tailor-made solutions for personnel policy and organisational change requirements in connection with the digital transformation.
- The programme is designed to help them understand digitalisation and digital change, position themselves for the future and be able to react independently to change processes.
- INQA Coaching is an employee-oriented consulting programme of the New Quality of Work Initiative (INQA).
- INQA Coaching is the successor programme to the successful ESF programme unternehmensWert:Mensch (uWM), especially the uWM plus programme branch.

WHO

- Small and medium-sized enterprises (SMEs) with their registered office and place of work in Germany,
 - who have been active on the market for at least two years,
 - have at least one person employed full time in a regular job
- This is calculated on the basis of annual standard work units.

WHAT

- Funding is provided for coaching with up to twelve consulting days of eight hours each within a seven month period.
- Up to 80% grant available to cover for consulting services (max. EUR 1,200 net for one consulting day).
- Ancillary costs, for instance, expenses for travel and consumables, are not eligible for funding.

HOW

- Free initial consulting at an INQA consulting office in Berlin (see contact information and the INQA Coaching Card)
- If after checking eligibility for support an INQA coaching voucher is issued during this meeting, financial support will then be provided for subsequent coaching.
- Further grant-related and programme-specific coaching requirements must be observed for the grant to be awarded.

Nachfolgezentrale Berlin / Successor centre Berlin

(refer to page 134).

AIM

- To advise companies with regard to improving their competitiveness and prospects for the future

WHO

- Small and medium-sized enterprises in the manufacturing sector and product-near services sector, skilled crafts businesses and companies in the digital economy (SMEs, see page 134)

WHAT

- Allowance for external consultancy services (basic and advanced consultancy)
- The allowance totals 50% of the consultancy costs charged (excluding VAT, travel/ancillary costs), however, limited to a maximum of EUR 8,000 per measure, i.e. a maximum of EUR 16,000 per applicant for basic and advanced consulting services.

HOW

- Applications must be submitted jointly by management and the employees' representative
- Applications must be submitted to the IG Metall union or Verband der Metall- und der Elektroindustrie Berlin und Brandenburg e. V. (association of the metal and electrical engineering industry in Berlin and Brandenburg) prior to commencing consulting services.
- Skilled crafts businesses must always submit their applications to the Chamber of Skilled Crafts.
- Applications are checked and subsequently passed on to Senatsverwaltung für Wirtschaft, Energie und Betriebe (Senate Department for Economics, Energy and Public Enterprises).

Zukunftszenrum Berlin / Berlin Future Centre

Shaping digital working environments

AIM

- Small and medium-sized enterprises in Berlin (SME, see page 134) are shown the potential that digitalisation can offer for their economic success through advice, learning opportunities and support when selecting innovative technologies. To achieve this, the Future Centre connects and bundles existing structures as well as advisory and qualification services in Berlin.
- The Future Centre focuses on people. Employees are involved in the process from the beginning.
- The project network is based on social partnership and co-operation.

WHO

- Managers, employees and interest groups in Berlin's SMEs
- Solo self-employed persons do not qualify.

WHAT

- Support with a holistic approach in the operational change process through:
 - Free consulting
 - free in-company learning offers
 - Testing of applications, for instance, for artificial intelligence (AI)
 - Various event formats, including digital formats
 - Learning and experimentation rooms
- Guidance formats, learning opportunities and trials can be used individually or as a coupled process.
- Consultancy: A company can avail of ten days or 80 consulting hours.
- The learning opportunities include the following modules:
 - Shaping good cooperation in the workforce through mindful HR management
 - Introduction to creative and agile working methods as well as digital learning methods and tools
 - Digital solutions for employee representatives
 - Making companies crisis-proof
 - Supporting staff health
 - Visibility in (digital) public space
 - Data expertise and integration of AI in the company

HOW

- Contact can be made via the contact form on the website of the Berlin Future Centre Berlin, by e-mail or by telephone.
- Support is documented in consultation with the Future Centre.
- The web portal of the Future Centre contains details of existing funding and support offers related to digitalisation in the Federal State of Berlin.

Beratungsangebote der IBB sowie ihrer Einrichtungen und Initiativen / Consultancy offers by IBB along with its facilities and initiatives

Investitionsbank Berlin
Kundenberatung Wirtschaftsförderung
(Business Customer Centre)
Bundesallee 210, 10719 Berlin
Tel. +49 (0) 30 / 2125 – 4747
wirtschaft@ibb.de
www.ibb.de

Detailed information regarding the
'eAntrag' procedure is available at
www.ibb.de/eantrag

- Investitionsbank Berlin (IBB) is the central business development and support institute of the Federal Land of Berlin and supports start-ups, especially small and medium-sized enterprises (SMEs, see page 134) during all stages of development. IBB's Business Customer Centre provides them with advice on the support and financing programmes and informs them of the entire range of business support available in Berlin. This also includes our "Funding and financing workshop" every Thursday, which provides general information and specific assistance on our start-up programmes and the [Berlin InvestmentBONUS programme](#) (see page 35).
- The financing offers by IBB, which include allowances, low-interest loans and investments, support start-up and investment projects, they promote the development state-of-the-art technologies and offer liquidity assistance.
- Using IBB's customer portal, you can complete the entire application process online for selected products. For detailed information, go to: www.ibb.de/eantrag. Products that you can apply for via the customer portal are marked accordingly on the programme pages.
- As a network partner, IBB's Business Customer Centre can help you to find just the right point of contact, institute and initiative, and is also available when it comes to establishing contact with the respective general and special advisory centres.

**Business Angels Club
Berlin-Brandenburg e. V.**
Otto-Suhr-Allee 25, 10585 Berlin
Tel. +49 (0) 30 / 25 78 58 69
berlin@bacb.de
bacb.de/en/

- The Business Angels of Business Angels Club Berlin-Brandenburg e. V. (BACB) help the companies of tomorrow get off the ground and they focus on start-ups from the Berlin-Brandenburg region. They promote entrepreneurial activities and accompany founders on the road to self-employment.
- Business Angels are specialists in different technological fields, product groups and industries. They are independent, maintain good - even international - contacts and invest in new and scalable business ideas.
- At the BACB match-making meetings, selected teams and young companies are given the opportunity to personally present their projects to a larger group of Business Angels and the club's network partners. If a project is accepted, a project group comprising several Business Angels will support the company and, if necessary, prepare and implement financial investment. Furthermore, the club has formed working groups who can offer assistance in critical situations and for successor schemes.
- Relevant information from the business plan is required at the time of contacting the club. The document should not be longer than four DIN A4 pages.

IBB Business Team GmbH
 Bundesallee 210, 10719 Berlin
 Tel. +49 (0) 30 / 2125-0
info@ibb-business-team.de
www.ibb-business-team.de

- IBB Business Team GmbH (IBT) is a wholly owned subsidiary of the IBB Group, the owner of Investitionsbank Berlin. On behalf of the Federal Land of Berlin and IBB, the Group implements various funding instruments for start-ups and consulting, innovation and digitalisation, mobility and energy and sustainability.
- IBT supports founders from the idea to the concept with the [German Founder and Entrepreneurs' Days \(deGUT\)](#) and the [Berlin-Brandenburg Business Plan Competition \(BPW\)](#) (see page 21) – Germany's largest regional start-up initiative.
- The BONUS programmes offer start-ups and SMEs (see page 134) grants towards the costs of starting up a business with the [Start-up-BONUS Plus](#) (see page 25) while the Science Transfer BONUS (see page 87) provides grants towards the costs of implementing research projects that are carried out in collaboration with a regional scientific institution.
- The [Berlin Investment BONUS](#) (see page 35) programme supports freelancers, SMEs and large enterprises with grants for business investments.
- The service for Berlin's economy is supplemented by the [Business-friendly electromobility](#) (see page 67) which provides grants towards the costs of shifting to electric vehicles.
- Companies and property owners looking to invest in solar energy, build a green roof or green a facade can apply for funding under the [Green Roof PLUS](#) (see page 47) and [Solar PLUS](#) (see page 65) programmes

IBB Ventures
 Bundesallee 210, 10719 Berlin
 Tel. +49 (0) 30 / 2125-3201
info@ibbventures.de
www.ibbventures.de

- Since it was set up in 1997, IBB Ventures (up until September 2020 IBB Beteiligungsgesellschaft mbH) has become one of the leading sources of venture capital for innovative companies in Berlin.
- Through its VC funds, IBB Ventures invests as a lead, co-lead or co-investor in start-ups from the clusters defined as part of the joint Berlin-Brandenburg innovation strategy in the areas of healthcare, industrial technologies, software and IT and creative industries.
- In addition to a plausible business concept and a unique selling proposition, high growth and value increase potential as well as a good medium-term exit perspective are preconditions for investment.
- The support concept of IBB Ventures includes active consulting and support services for its portfolio companies. Seasoned investment professionals are there to support companies in all operative and strategic matters.

These offers are suitable for start-ups, young companies and often also for company successions.

Erste Anlaufstellen für Unternehmen und Existenzgründungen / First points of contact for companies and start-ups

Senatsverwaltung für Wirtschaft, Energie und Betriebe

(Senate Department for Economics,
Energy and Public Enterprises)
Martin-Luther-Straße 105, 10825 Berlin
Tel. +49 (0) 30 / 90 13-0

Business start-ups and succession
Tel. +49 (0) 30 / 90 13-84 44

**Information, addresses, events on
the subject of business start-ups**
www.gruenden-in-berlin.de/?L=1

Central contact partner Berlin
Tel. +49 (0) 30 / 90 13-75 55, Fax -81 13
ea@senweb.berlin.de
www.ea.berlin.de

- The Senate Department for Economics, Energy and Public Enterprises together with the business development organisations in the city is shaping structural change, improving the parameters for entrepreneurial endeavours and strengthening the innovative capability and export strength of Berlin-based companies.
- Together with the partners of Berlin's Founder Network, it operates the Berlin Internet portal for regional start-up information www.gruenden-in-berlin.de as well as a telephone contact point specifically for founders and start-ups within the scope of successions under +49 (0) 30/90 13-84 44.
- For start-ups and commercial businesses, the Senate Department has set up a general point of contact which provides information regarding formal procedures and requirements for commencing and exercising commercial or freelance activities as well as information regarding public authorities in charge. It also provides information within the scope of procedures for the recognition of professional qualifications for EU citizens.
- The portal of "Einheitlicher Ansprechpartner Berlin" www.ea.berlin.de (general point of contact) can be used to handle administrative commercial procedures online, such as company registrations and changes in registration details, without having to switch between different media. Applications for recognition of foreign professional qualifications can also be submitted via the portal.

Berlin Partner für Wirtschaft und Technologie GmbH

Ludwig Erhard Haus
Fasanenstraße 85, 10623 Berlin
Tel. +49 (0) 30 / 4 63 02-5 00
info@berlin-partner.de
www.berlin-partner.de
www.businesslocationcenter.de
www.een-bb.de

- Berlin Partner works on economic growth, promotes business, technology and innovation and presents the advantages of the capital to companies, investors and talents
- Berlin Partner supports existing companies and scientific institutions with expansion projects and networks them in the region – including within the strong Berlin Partner network. In addition, our experts provide information on funding opportunities and advise on the search for suitable locations or highly qualified personnel.
- If you are planning to relocate or grow in the German capital region, we can provide you with information in a competent, fast and direct manner and free of charge. Bürgschaftsbank Berlin

Franklinstraße 6, 10587 Berlin
Marwin Meißner
T. +49 (0) 30 / 31 10 04-17
info@buergschaftsbank.berlin.de
be.ermoeglicher.de

**Financing brokerage portal of
Bürgschaftsbank Berlin:**
www.finanzierungsportal.ermoeglicher.de

- Bürgschaftsbank Berlin supports business start-ups, growth businesses as well as freelance professionals in order to make their ideas come true.
- Bürgschaftsbank Berlin supports companies searching for financing but which do not have sufficient customary collateral. The principle is that no profitable project should fail due to a lack of collateral. In addition to assessing the profitability of a project, the focus is also on entrepreneurial competence. Once all the documents have been submitted, Bürgschaftsbank Berlin can approve guarantees within five days (BBB-Express!, see page 31).
- Bürgschaftsbank Berlin issues guarantees to secure investment and working capital loans, guaranteed loans, leasing loans or also business takeovers. Bürgschaftsbank Berlin also operates in Berlin as a service provider for Mittelständische Beteiligungsgesellschaft Berlin-Brandenburg GmbH (MBG) and hence as a point of contact for companies wishing to make use of an investment by MBG.

These offers are suitable for female founders,
young companies established by women and
often also for company successions by women.

ISI e. V. is supported under the ESF+ (see page 132) with funds from the European Union and the Federal State of Berlin. The other services (apart from Akelei e. V.) are funded by the Federal State of Berlin.

The centre for [women starting up in business](#) (see page 129) is also an important point of contact for women founders.

Commercial property and space, start-up and innovation centres

THE BUSINESS SUPPORT PROGRAMMES

BUSINESS SUPPORT PROGRAMMES
COMMERCIAL PROPERTY AND SPACE,
START-UP AND INNOVATION CENTRES

Important technical terms are explained in
the [Glossary](#) (refer to page 134 and following).

Technologie- und Gründungszentren / Technology and start-up centres

COMMERCIAL PROPERTY AND SPACE,
START-UP AND INNOVATION CENTRES
BUSINESS SUPPORT PROGRAMMES

AIM

- Promoting the development of future technologies in Berlin by attracting start-ups and young companies to technology and start-up centres with several advantages:
 - low-cost commercial space
 - shared infrastructure
 - supportive consulting and coaching services
 - close networking between science and business
 - wide range of cooperation programmes
 - good transport connections

WHO

- Individuals or legal entities whose main business activities are based in Berlin and who are suitable both in terms of person and qualifications.
- Subsidiaries of large corporations are not eligible.
- Preconditions for this include a tenable business concept, ecologically compatible services or products as well as prospects for economic success and growth.
- The company should not have been established more than three years previous.

WHAT

- The start-up centres offer space for starting up in business with service and support offers, such as reception, post and telephone services, typing pool, conference and beverage services, conference rooms and copy centres.
- The technology-orientated start-up centres additionally offer communication and co-operation on site, in particular, with universities and/or application-orientated research institutes, as well as community activities. The centre management offers support in economic and technical matters, in PR work or when it comes to establishing co-operation relations with national and, in some cases, international partners.
- Some centres are supported with funds from the common task “improvement of regional economic structure” ([GRW](#), see page 46).

HOW

- The rent terms are always determined on the basis of the location in question.
- Support comes in the form of favourable rents (particularly with a view to the development standard and the infrastructure provided) as well as the specifically designed environment.
- Services can be used individually.
- The costs of those services that cannot be directly allocated to individual companies will be included in a general levy or in the ground rent, respectively.

The offers here and up to page 135 are particularly suitable for business start-ups and young companies.

WHERE

- Queries and applications should be submitted to the centre operators listed in the following.
- The centres are often located at Berlin's eleven so-called Zukunftsorte. These locations are characterised by particularly close cooperation between business, research and technology institutions. Further information can be found at: www.zukunftsorte.berlin.
- Berlin's universities also offer start-up centres, particularly for spin-offs. Information can be found on the website www.startup-map.berlin/universities/f/all_locations/alloy_Berlin.

Charlottenburger Innovations-Centrum (CHIC) im Campus Charlottenburg (Zukunftsort)

Focus of attention: Creative industries and the arts, transport and mobility, renewable energies and green-tech, microsystems technology and sensor technology, ICT and media, biotechnology and life science

Appendix

BUSINESS SUPPORT PROGRAMMES
APPENDIX

Important technical terms are explained in the [Glossary](#) (refer to page 134 and following).

Support under the European Structural Funds in Berlin

Co-funded by
the European Union

STRUCTURAL FUNDS '2021-2027

In the 2021 to 2027 programming period, the Federal State of Berlin is expected to receive around EUR 680m from the [European Regional Development Fund \(ERDF\)](#) and around EUR 149m from the [European Social Fund Plus \(ESF+\)](#) by the end of 2029. The programmes of both funds were approved in June 2022.

AREAS WHERE SUPPORT IS USED

The ERDF is the most important EU regional financing instrument. This fund contributes to measures that are strengthening economic and social cohesion in the European Community by compensating for regional imbalances. [With this funding from ERD the EU is making Berlin "fit for the future"](#).

The ERDF funds are used in Berlin to a large extent to promote innovation. Almost 50% of ERDF funds is earmarked for research, development and the market launch of new products and solutions and in order to strengthen highly innovative companies. Key to achieving the programme's objectives in this area is the [ProFIT](#) funding programme (see pages 80 and 82). It is one of the three BIG POINT PROJECTS, i.e. projects of strategic importance, and supports innovative research and development projects carried out by Berlin-based companies. Investment activities by small and medium-sized companies ([SME](#), see page 134) as well as founders are also supported. In order to achieve the ambitious energy and climate policy goals of Berlin, companies in Berlin can benefit from support for investments in energy-saving technologies, in the use of renewable energy and in changes in production processes. This support is provided within the framework of [BENE 2](#) (see page 34) another BIG POINT PROJECT.

This will be implemented within the scope of the [2021–2027 ERDF programme](#). Information regarding the main focus of the programme, selection criteria and contacts can be found on the website of the [Senate Department for Economics, Energy and Public Enterprises](#).

The European Social Fund Plus (ESF+) is the most important funding instrument for supporting people in Europe and the most important financial instrument for implementing the European Employment Strategy. It improves access to jobs, offers qualification programmes and supports social integration.

In line with the European Pillar of Social Rights, the ESF+ in Berlin is active in three key areas: education, social inclusion and securing skilled labour. The aim is to increase permeability in the education system and educational success for disadvantaged people, improve strategic planning and support at transitions, combat poverty and social exclusion, increase labour market participation, promote the employment potential of women and secure the supply of skilled workers.

Information regarding the main focus of ESF+ funding, selection criteria and contacts as well as a comprehensive collection of documents can be found on the website of the [Senate Department for Economics, Energy and Public Enterprises](#).

Support programmes that are backed by funding under the ERDF and the ESF+ are marked in this Guide with the EU logo.

EUROPEAN TERRITORIAL CO-OPERATION / INTERREG 2014–2020 INTERREG 2021–2027

Berlin is benefitting from funding under the “European Territorial Co-operation” (INTERREG) programme, i.e., from ERDF-financed co-operation between partners from different countries of the EU and from third countries. In the current programming period, INTERREG is again being implemented in three main focus areas:

Cross-border co-operation – INTERREG A:

Regions near the German-Polish border in Brandenburg, Mecklenburg-Vorpommern and Saxony are supported as well as the west-Polish partner regions. Stakeholders in Berlin cannot participate directly, however, they can benefit from the 20% flexibility option of the Brandenburg-Poland programme. This enables financing for a partner involved in a project but outside the co-operation area with a total of up to 20% of the ERDF project budget.

Transnational co-operation – INTERREG B:

Berlin and Brandenburg are represented in two of the 14 transnational co-operation areas and are hence entitled to submit applications in Central Europe (CENTRAL area) and in the Baltic Sea Region (BSR). For more information, please go to the [website for European Territorial Co-operation in Berlin](#).

Interregional co-operation – INTERREG EUROPE:

In order to improve regional policy, interregional cooperation and the exchange of experience between partners from several member states in the areas of “Smarter Europe”, “Greener Europe”, “A more networked Europe”, “A more social Europe”, “A Europe closer to citizens” and “Better regional governance” are being supported and promoted.

BEIHILFEN / ALLOWANCES

Aid is granted to companies as an economic advantage by public authorities. Examples include low-interest loans and grants to finance a project. For competition reasons, aid may be granted only in exceptional cases (see “De-minimis rule”).

BETEILIGUNG - STILLE BETEILIGUNG / PARTNERSHIP - DORMANT PARTNERSHIP

An investment company, a company or an individual holds shares which are recorded in the commercial register. The investment capital counts as equity. The articles of association determine the extent of profit sharing, as well as voting and control rights. A dormant partnership is based on a contribution to equity by investors who, however, waive all or most voting or control rights. These investments are often made for a limited term. The exit conditions – i.e. redemption or sale of the investment to third parties – are laid down in the contract.

BÜRGSCHAFT - LANDESBÜRGSCHAFT / GUARANTEE - FEDERAL-STATE GUARANTEE

A guarantee is a unilaterally binding contractual relationship in which the guarantor undertakes to the creditor to ensure fulfilment of the debtor’s obligation. The guarantee programmes are designed to help founders and companies lacking sufficient collateral to obtain bank loans for their projects.

DARLEHEN - ZINSVERGÜNSTIGTE DARLEHEN / LOANS - LOW-INTEREST LOANS

A loan is a contract for an obligation where the borrower receives money for the medium to long-term financing of his or her projects in one or more instalments. In return, the borrower undertakes to repay interest and principal when due. Loans under the support programmes are usually linked to subsidised interest rates and often include a longer, redemption-free period (refer to “Allowances”).

DE-MINIMIS-RULE

The term “de minimis rule” originates from European Union subsidy law. In order to protect trade between EU member states from distortions of competition, aid or subsidies from an EU member state to companies or product sectors must be authorised by the European Commission before they are granted. One exception is de minimis aid, which is considered to have a minor impact on the common market due to its amount, so that it benefits from simplifications in the application of EU competition rules. In accordance with [Commission Regulation \(EU\) 2023/2831 of 13 December 2023](#) on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to de minimis aid, subsidies are below the threshold if they do not exceed a total aid or subsidy value of EUR 300,000 over a period of three years.

Detailed information on the de minimis rule can be found in the information sheet of the same name on the website www.ibb.de.

ERP

The European Recovery Programme (ERP) was called the “Marshall Plan” for reconstruction after World War II. Today, the ERP special funds are primarily used to re-finance low-interest loans.

FREIE BERUFE / FREELANCE PROFESSIONALS

Freelance professions are defined as self-employment in science, the arts and writing, teaching and education. Freelance professions also include higher-level personal services requiring a higher level of education (college or university degree).

KMU / SME

On 1st January 2005, the European Commission introduced a new definition for small and medium-sized enterprises (SMEs). Compliance with this SME criterion is an important precondition for many subsidy programmes. Micro-enterprises are businesses that have less than ten people and which record maximum annual sales or a balance sheet total of EUR 2m. Small enterprises are businesses that have less than 50 employees and which record annual sales or a balance sheet total of no more than EUR 10m. Medium-sized enterprises are businesses that have less than 250 employees and which record annual sales of no more than EUR 50m or a balance sheet total of no more than EUR 43m. Shares in partner companies and affiliated companies must also be included.

KOMBINIERBARKEIT / COMBINATION WITH OTHER PROGRAMMES

Combining funds from different programmes is generally possible and welcomed. The maximum subsidy sums defined by the EU for the same costs may not be exceeded (see “Allowances” and “De minimis rule”). Certain support programmes cannot be combined with each other (non-combination rule).

MEZZANINE-KAPITAL / MEZZANINE CAPITAL

Mezzanine capital or mezzanine financing instruments are financing forms which in legal and economic terms are positioned between equity (equity mezzanine) and external capital (debt mezzanine). Equity mezzanine can be issued, for example, in the form of profit participation rights, participation certificates or dormant partnerships. Other conceivable forms are convertible and warrant bonds. Debt mezzanine must be usually carried as a liability in the balance sheet. The equity character arises when the loan or dormant partnership is subject to subordination. The form of financing depends on the design of the agreement from case to case. It ultimately determines whether the capital is to be treated as debt or at least as economic equity. In general, mezzanine capital as “hybrid capital” should contribute towards improving the company’s financing and balance sheet structure. As a result, it can expand classical loan availability and enable complex project financing. The requirements for a company wishing to receive mezzanine capital are comparable with the requirements that equity investors place on companies. A business plan, a convincing business model, above-average growth opportunities and sufficient cash-flows are just some of the important aspects. Mezzanine financing schemes can be designed in a very flexible manner with regard to maturities and other terms and conditions.

SUBVENTIONSWERT / SUBSIDY VALUE

The subsidy value is the monetary sum of all grants and subsidies which a company receives during a defined period on the basis of different subsidy and grant programmes (look at “De-minimis”). In the case of a grant, the subsidy value corresponds to the amount of the grant. If a low-interest loan is granted, the subsidy value is the difference between the standard market interest rate (reference rate published by the European Commission) and the effective rate of the loan granted.

UNTERNEHMEN IN SCHWIERIGKEITEN / COMPANIES IN DIFFICULTY

For competition reasons, support or subsidies for companies in difficulty are generally ruled out. SMEs and large enterprises must always be qualified as “companies in difficulty” if the conditions for opening insolvency proceedings are fulfilled or if more than half the book equity in the case of partnerships or of the capital stock of corporations have been used up. One special requirement applies to young SMEs up to three years after starting up in business. They may experience financial difficulties in the initial phase. In such cases, companies are hence not classified as being in difficulty unless the preconditions for opening insolvency proceedings are fulfilled. Furthermore, large enterprises are additionally deemed to be in difficulty if their indebtedness based on book value exceeded 7.5 percent during the last two years and if the EBITDA to interest expenditure ratio is below 1.0. Companies in difficulty in Berlin can only apply for support within the scope of support for consultancy services (see page 104) offered by the Federal Office of Economics and Export Control (BAFA) and the [BERLIN liquidity assistance programme](#) (see page 59) and subject to strict preconditions.

ZUSCHUSS, BEDINGT RÜCKZAHLBARER / GRANT, CONDITIONALLY REPAYABLE

The financing of certain projects can be partly subsidised by a grant that is directly linked to the project, i.e. to the investment or equipment/labour costs applied for. In contrast to a loan, a grant is interest-free and does not have to be repaid. This is conditional upon proof that the funds applied for were used for the agreed purposes, and that the conditions stated in conjunction with the pledge of funds were adhered to. A conditionally repayable grant can be awarded for projects where an insufficient return is to be expected in the case of an average or below-average success of the project.
